

Kodable Contest Directions

- 1.) From the Google Classroom (class code: vx72tes) students will use the link to enter Kodable. Where they will work through the Kodable learning mazes. (**NOTE: student progress is not saved and students will have to restart if logged out.)
- 2.) After Students have completed the Kodable Learning Mazes they should click the UFO in the bottom left of the menu
- 3.)

- 4.) Click "GO!" in the "Mission Alert" box.

5.) Click "Build" in the options list

4.) Create your own Maze. When you're done save a screen shot of the maze and code solution (see example below). Submit your screen shot image file to the Google Classroom Hour of Code BEGINNER assignment to be eligible for epic prizes!
