Evaluation of the Superintendent and School Board Attorney

The Board believes it is essential that it evaluate the performance of its direct employees on a regular basis to assist both the Board and the employee in the proper discharge of their responsibilities. The following rules shall apply to evaluation of the School Board Attorney and the Superintendent.

- (1) The Board shall evaluate the performance of the Superintendent and School Board Attorney as provided in the employment agreement.
 - (a) The form shall be designed to enable Board Members to evaluate the Superintendent and School Board Attorney in essential categories of performance.
 - (b) The form shall require the use of a numerical rating to evaluate the performance in each of the essential categories.
- (2) The evaluation form shall be fully completed by each Board Member in advance of the deadline established in the employment contract.
 - (a) If the form completed by an individual School Board Member does not contain a numerical rating in each of the essential categories, it shall be considered incomplete. An incomplete form shall be considered void and will not be considered an evaluation of the employee.
 - (b) An incomplete form shall not be used in calculating the scores of the composite evaluation of the employee nor shall it be used in the process of determining the employee's term of employment, salary or any other contractual benefit. An incomplete form shall not constitute notice of unsatisfactory performance for purposes of termination of employment.
- (3) A composite evaluation form consolidating each of the completed individual Board Member forms shall be created.
 - (a) The composite form shall be considered the evaluation of the School Board for all purposes under the employment contract.
 - (b) After removing the highest and lowest ratings, the remaining ratings of the evaluations completed by the individual School Board Members shall be averaged to calculate the rating for the composite Board evaluation.
