## **Board Member Report**

Ms. Morgan shared her comments with the committee. At the board meeting with the various chairs of the advisory committees, they presented the idea of trying to align the Vision 20/20 goals with the Envision 20/30 goals and the goals for various committees. So, I think we are moving in that direction.

Ms. Morgan reminded everybody that they need to vote. She also expressed that she wants everyone to vote for the Half-Cent sale tax. “It’s really important as it’s the last time on the ballot. It will be determined by the people who vote. So, we need people who support public education and understand the importance of this particular vote. We also have three board member seats up. I ask that you consider very carefully who you want to come on this board. Right now, we have a great team, working very well with the superintendent. I think you should be looking at a board with a sense of fairness and with the ability to represent the community and the board. The last thing I am going to say that we have an esteemed member in this committee, Karen Watson, who was named as the nonprofit executive of the year; congratulations. “
