### THE SCHOOL DISTRICT OF LEE COUNTY

December 11, 2020

District School Board of Lee County 2855 Colonial Boulevard Fort Myers, FL 33966-1012

Dear Chairman, School Board Members, and Citizens of Lee County:

After the close of each fiscal year, State law requires that all local governments publish a complete set of financial statements presented in conformity with generally accepted accounting principles (GAAP) in the United States of America and audited by the Florida Auditor General, or a firm of licensed certified public accountants, in accordance with auditing standards generally accepted in the United States of America. Pursuant to this requirement, we hereby issue the Comprehensive Annual Financial Report (CAFR) of the School District of Lee County (the District) for the fiscal year ended June 30, 2020.

This report consists of management's representations concerning the finances of the District. Management assumes full responsibility for the completeness and reliability of all of the information presented in this report. To provide a reasonable basis for making these representations, District management has established a system of internal controls designed to protect the District's assets from loss, theft, or misuse, and to compile sufficient reliable information for the preparation of the District's financial statements in conformity with GAAP. Because the cost of internal controls should not outweigh the benefits, the District's system of internal controls has been designed to provide reasonable, rather than absolute, assurance that the financial statements will be free from material misstatement. As management, we assert that, to the best of our knowledge and belief, this financial report is complete and reliable in all material respects.

The Florida Auditor General conducted the audit for the fiscal year ended June 30, 2020. The goal of the independent audit was to provide reasonable assurance that the financial statements of the District for the fiscal year ended June 30, 2020, are free of material misstatement. The independent audit involved examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements; assessing the accounting principles used and significant estimates made by management; and evaluating the overall financial statement

BOARD MEMBERS: DEBBIE JORDAN, CHAIR, DISTRICT 4| BETSY VAUGHN, VICE CHAIR, DISTRICT 6 | MARY FISCHER, DISTRICT 1
MELISA W. GIOVANNELLI, DISTRICT 2 | CHRIS N. PATRICCA, DISTRICT 3 | GWYNETTA S. GITTENS, DISTRICT 5
CATHLEEN O'DANIEL MORGAN, DISTRICT 7 | GREGORY K. ADKINS, Ed.D., SUPERINTENDENT | KATHY DUPUY-BRUNO, ESQ., BOARD ATTORNEY

presentation. The independent auditor concluded that there was a reasonable basis for rendering an unmodified opinion on the District's basic financial statements for the fiscal year ended June 30, 2020. The auditor's report is presented as the first component in the Financial Section of this report.

The independent audit of the District's financial statements included the federally mandated "Single Audit" designed to meet the special needs of federal grantor agencies. The District is required to undergo an annual Single Audit in conformity with the provisions of the Single Audit Act of 1996; and the United States Office of Management and Budget Title 2 U.S. Code of Federal Regulations, Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards. The standards governing Single Audit engagements require the independent auditor to report on the fair presentation of the financial statements and on the audited government's internal controls and compliance with legal requirements, with special emphasis on internal controls and legal requirements involving the administration of federal awards. Information related to this Single Audit, including the schedule of expenditures of federal awards, schedule of findings and questioned costs, summary schedule of prior audit findings, and the independent auditor's reports on internal control and on compliance with applicable requirements, are included in the Other Independent Auditor's Reports, Schedules and Other Information section of this report.

GAAP require that management provide a narrative introduction, overview, and analysis to accompany the basic financial statements in the form of Management's Discussion and Analysis (MD&A). This Letter of Transmittal is designed to complement the MD&A and should be read in conjunction with it. The District's MD&A can be found immediately following the Auditor's Report.

#### Profile of the Government

The District and its governing board were created pursuant to Section 4, Article IX, of the Constitution of the State of Florida. The District is an independent taxing and reporting entity managed, controlled, operated, administered, and supervised by District officials in accordance with Chapter 1001.42, Florida Statutes. The District School Board of Lee County (the Board) consists of seven elected officials responsible for the adoption of policies that govern the operation of the District's public schools. The appointed Superintendent of Schools (the Superintendent) is the executive officer of the Board and is responsible for the administration and management of the schools within the applicable parameters of Florida Statutes, State Board of Education rules, and School Board policies. State Board of Education, Rule 6A-1.001, Florida Administration Code, designates specific responsibility to the Superintendent for maintaining a uniform system of records and accounts.

The geographic boundaries of the District are the same as those of Lee County, (the County), which was founded in 1887 and named in honor of General Robert

E. Lee. The County is located on the Gulf Coast of Florida, encompasses approximately 811 square miles, including several small islands in the Gulf of Mexico, and is bordered by Charlotte County to the north, Hendry County to the east, and Collier County to the south. Lee County's estimated population in 2020 is 770,577 people.

The report includes all funds of the District, the Lee County School Board Leasing Corporation, the Foundation for Lee County Public Schools (the Foundation), and 18 charter schools, all of which comprise the reporting entity. The Lee County School Board Leasing Corporation was formed by the School Board to be the lessor in connection with financing the acquisition and/or construction of certain educational facilities. The Foundation is a separate, not-for-profit corporation organized and operated as a direct-support organization. The Foundation's purpose is exclusively educational and charitable for the constituents of Lee County. Charter schools are public schools operating under performance contracts with the Board. The Foundation and applicable charter schools are included as aggregate discretely presented component units.

The District provides a full range of educational programs. These include pre-kindergarten, kindergarten through 12<sup>th</sup> grade, basic and enrichment programs, and exceptional student education. The District also provides vocational and adult programs.

During the 2019-20 fiscal year, the District operated 95 schools and programs comprised of 49 elementary schools, 16 middle schools, 14 high schools, 16 specialized schools and programs, and reported student enrollment of 95,578. The District does not plan to open any new schools in the 2020-21 fiscal year. In addition, the District sponsored 18 charter schools that are component units of the District and plans to sponsor one new charter school during the 2020-21 fiscal year. The charter schools are separate not-for-profit corporations organized and operated under Section 1002.33, Florida Statutes. The charter schools are funded by the state based on their weighted full-time equivalent student count and receive this funding through the District.

The District maintains budgetary controls, the objective of which is to ensure compliance with legal provisions embodied in the annual appropriated budget approved by the Board. Activities of all governmental fund types are included in the annual appropriated budget. Project-length financial plans are adopted for the Capital Projects Funds. The level of budgetary control (that is, the level at which expenditures cannot exceed the appropriated amount) is established at the function level.

Budgetary information is integrated into the accounting system and, to facilitate budgetary control, budget balances are encumbered when purchase orders are issued. Appropriations lapse at year-end and encumbrances outstanding are honored from the subsequent year's appropriations.

In order to provide budgetary control for salaries, the District utilizes a centralized position control system. On an annual basis, the Board adopts a District staffing plan that establishes teacher positions based generally on student populations served. Additionally, support and administrative positions are created based on established criteria.

### **Economic Condition and Outlook**

Lee County is part of the Fort Myers—Cape Coral Metropolitan Statistical Area with an annual growth rate of 2.1 percent. The County's population has increased from 622,900 in 2010 to 770,577 in 2020, an increase of 23.7 percent. This compares to a 15.0 percent increase for Florida overall and a 6.2 percent increase for the nation.

Growth is projected to continue at a slower rate for the next five years, increasing the population in the County to over 835,496 by 2025, and to more than 1,500,000 in the Southwest Florida area in general. Lee County has emerged in recent years as a dynamic destination for businesses. In 2014, Florida was voted the second best state for business by *Chief Executive* Magazine, and Cape Coral ranked as one of the Best Cities for Future Job Growth in 2014 by *Forbes*. Businesses have a ready workforce to draw from as 87% of the population over age 25 has at least a high school diploma with 27% having a bachelor's degree or higher.

Though Lee County continued to feel the effects of the last six years of economic instability, positive indicators in the economy such as a decreasing unemployment rate, increasing home sales and a rising tax roll were bolstering the economy. Due to the COVID-19 pandemic, the unemployment rate skyrocketed to its peak in April 2020 at 14.6 percent and is currently, as of June 2020, at 9.6 percent. However, our student population continues to grow. This year marked the twelfth straight year of solid student growth for the District (between 0.6 and 2.0 percent) making the District one of the most consistent and fastest growing District's in the state in terms of student growth. State and District projections indicate that approximately 1,000 more students will be served in the next fiscal year, which keeps us in the top 10 largest districts in the state, and top 40 in the country. This growth is projected to increase the student population up to 1.6 percent each year bringing the estimated student population to approximately 111,400, 114,400 and 123,700 over the next 5, 10 and 20 years, respectively. The mainstay of the County's economy are tourism and retirement, and their associated services, such as health, trade, and other service-oriented industries. The County also has real estate development, agribusiness, high-tech manufacturing, corporate and regional headquarters, warehousing and distribution, and financial services industries. Currently, over 87 percent of employment is concentrated in the services, wholesale and retail, and government sectors. Industries expected to gain the most new jobs in the near future include local government, health services, business services, food services, and special trade contractors.

The District recognizes that the continued enhancement of the local economy is of mutual benefit to both the District and the County, and that an excellent system of public education is a significant factor in attracting new business and industry to the County. The District is the area's second largest employer, employing 11,345 full and part-time employees, including 5,700 instructional personnel.

Ranked in the top 10 in student population in the state and in the top 40 in the nation, the District is challenged not only by growth but also the 2002 State Constitutional Amendment legislating reductions in class size. These challenges require the construction of an additional 12 schools in the next 10 years. In order to meet this demand, the District will continue to seek additional revenue sources. There are 86 public schools in Lee County and providing adequate facilities to all students is fundamental to maintaining an effective education system. It speaks to a range of standards, including safety, class size and equity. An ambitious construction program that produced 40 new or additions to schools over the past 10 years is winding down. This program was supported in part by the issuance of several Certificates of Participation. The District will not be able to sustain this building program going forward. In recent years, the Florida Legislature has reduced school districts taxing authority for capital outlay from 2.000 mills to 1.500 mills. With the dramatic reduction in property values, the District's revenue stream for school construction is extremely limited. On November 6, 2018 the voters of Lee County approved a ten-year half cent referendum. This sales tax surcharge will be used for the construction and renovation of school, safety initiatives, maintenance at schools and technology projects. In addition, with half of the school facilities more than 30 years old, a major construction and renovations program was initiated. Concurrently, the District adopted a 5 year plan to bring schools up to the newly adopted District standard in technology equipment and student accessibility. The District has also adopted a 20 year maintenance and replacement program to ensure school facilities are properly preserved.

**Long-Term Financial Planning.** The District continues to maintain adequate fund balances and top debt ratings by careful management of its financial resources. The District continues to implement budget saving initiatives to maintain fund balances without making cuts to the classrooms or necessitating layoffs of employees.

### **Major Initiatives**

### Capital Outlay Program

During the fiscal year 2021, the District is planning to start the construction of one elementary school and one middle school, start the remodel of two elementary schools and one high school and to complete the construction of one middle school and one high school. For fiscal year 2022, the District is planning to start the construction of two elementary schools, start the remodel of one elementary

school, one middle school and one high school and to continue the construction of one elementary school and one middle school and remodel of one elementary school.

### **Awards and Acknowledgements**

The Government Finance Officers Association of the United States and Canada (GFOA) awarded a Certificate of Achievement for Excellence in Financial Reporting, and the Association of School Business Officials International (ASBO) awarded a Certificate of Excellence in Financial Reporting to the District for its Comprehensive Annual Financial Report (CAFR) for the fiscal year ended June 30, 2019. This was the seventeenth year the District has received these prestigious awards. In order to be awarded the GFOA's Certificate of Achievement for Excellence in Financial Reporting and ASBO's Certificate of Excellence in Financial Reporting, the District must publish an easily readable and efficiently organized CAFR. This report satisfied both generally accepted accounting principles (GAAP) and applicable legal requirements.

The Certificate of Achievement and Certificate of Excellence are valid for a period of one year only. We believe that our current CAFR continues to meet the Certificate of Achievement and Certificate of Excellence program requirements and we are submitting it to the GFOA and ASBO to determine its eligibility for another certificate.

The preparation and completion of this report on a timely basis was made possible by the dedicated service of the entire staff of the District's Financial Accounting Department. Each member of the Financial Accounting Department has our sincere appreciation for the contributions made in the completion of this report.

In closing, we would like to thank the members of the Board for their leadership and support in planning and conducting the financial operations of the District.

Respectfully submitted,

Dr. Gregory K. Adkins

#### INDEPENDENT AUDITOR'S REPORT

### **Report on the Financial Statements**

We have audited the accompanying financial statements of the governmental activities, the aggregate discretely presented component units, each major fund, and the aggregate remaining fund information of the Lee County District School Board, as of and for the fiscal year ended June 30, 2020, and the related notes to the financial statements, which collectively comprise the District's basic financial statements as listed in the table of contents.

### Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

### Auditor's Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We did not audit the financial statements of the aggregate discretely presented component units, which represent 100 percent of the transactions and account balances of the aggregate discretely presented component units columns. The financial statements of the aggregate discretely presented component units were audited by other auditors whose reports have been furnished to us, and our opinions, insofar as they relate to the amounts included for those financial statements, are based solely on the reports of the other auditors. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

### **Opinions**

In our opinion, based on our audit and the reports of other auditors, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the aggregate discretely presented component units, each major fund, and the aggregate remaining fund information of the Lee County District School Board, as of June 30, 2020, and the respective changes in financial position and, where applicable, cash flows thereof and the budgetary comparison for the general fund for the fiscal year then ended in accordance with accounting principles generally accepted in the United States of America.

#### Other Matters

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that Management's Discussion and Analysis, Schedule of Changes in the District's Total Other Postemployment Benefits Liability and Related Ratios, Schedule of District's Proportionate Share of the Net Liability - Florida Retirement System Pension Plan, Schedule Contributions - Florida Retirement System Pension Plan, Schedule of District's Proportionate Share of the Net Pension Liability – Health Insurance Subsidy Pension Plan, Schedule of District Contributions - Health Insurance Subsidy Pension Plan, and Notes to the Required Supplementary Information, as listed in the table of contents, be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

### Supplementary and Other Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the District's basic financial statements. The combining and individual fund statements and schedules and the introductory and statistical sections, as listed in the table of contents, are presented for purposes of additional analysis and are not a required part of the basic financial statements. Also, the accompanying **SCHEDULE OF EXPENDITURES OF FEDERAL AWARDS**, as required by Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards*, is presented for purposes of additional analysis and is not a required part of the basic financial statements.

The combining and individual fund statements and schedules and the accompanying SCHEDULE OF EXPENDITURES OF FEDERAL AWARDS are the responsibility of management and were derived from and relate directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America by us and other auditors. In our opinion, based on our audit, the procedures performed as described above, and the reports of the other auditors, the combining and individual fund statements and schedules and the accompanying SCHEDULE OF EXPENDITURES OF FEDERAL AWARDS, are fairly stated in all material respects, in relation to the basic financial statements as a whole.

The introductory and statistical sections have not been subjected to the auditing procedures applied in the audit of the basic financial statements and, accordingly, we do not express an opinion or provide any assurance on them.

### Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated December 9, 2020, on our consideration of the District's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, rules, regulations, contracts, and grant agreements and other matters included under the heading INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH *GOVERNMENT AUDITING STANDARDS*. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the District's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with

Government Auditing Standards in considering the District's internal control over financial reporting and compliance.

Respectfully submitted,

Sherrill F. Norman, CPA Tallahassee, Florida December 9, 2020

Audit Report No. 2021-071

#### MANAGEMENT'S DISCUSSION AND ANALYSIS

This section of the School District of Lee County's Comprehensive Annual Financial Report presents management's discussion and analysis of the District's financial performance during the fiscal year ending June 30, 2020. Please read it in conjunction with the District's financial statements, which immediately follow this section.

### **Financial Highlights**

- The District's assets plus deferred outflows of resources exceeded its liabilities plus deferred inflows of resources by \$811,525,954 at fiscal year ending June 30, 2020.
- Net position of the District increased by \$48,217,076 in comparison to the 2018-19 fiscal year.
- The District's Government-wide revenues totaled \$1,150,757,420 comprised of general revenues of \$1,074,997,367 or 93.4 percent of the total revenues. Program specific revenues from charges for services, operating grants and contributions, and capital grants and contributions, totaled \$75,760,053 or 6.6 percent of the total revenues.
- Expenses incurred by the District totaled \$1,102,540,344 for governmental related activities. Program specific revenues offset these expenses by \$75,760,053, and general revenues funded the difference.
- The District's governmental funds reported combined ending fund balances of \$509,268,422 or an increase of \$207,974,699 or 69.0 percent in 2019-20 fiscal year in comparison with the 2018-19 fiscal year.
- The unassigned fund balance of the General Fund representing the net current financial resources available for general appropriation by the Board, totaled \$98,376,858, at June 30, 2020, or 12.5 percent of total General Fund expenditures.
- The General Fund total fund balance as of June 30, 2020, totaled \$140,682,483, a 16.8 percent increase in comparison to the 2018-19 fiscal year total of \$120,480,299. The increase in total fund balance of the General Fund is mainly attributed to the increase in state FEFP revenue and actual expenditures were less than projected due to conservative spending at the schools.

#### **Overview of the Financial Statements**

The Financial Section of this Comprehensive Annual Financial Report consists of three parts: Management's Discussion and Analysis, the Basic Financial Statements, and other supplementary section that presents combining statements for Nonmajor Governmental Funds, Internal Service Funds, and Component Units. The Basic Financial Statements include several statements that present different views of the District:

- The first two statements are *Government-wide Financial Statements* that provide both *short-term* and *long-term* information about the District's *overall* financial status.
- The remaining statements are *Fund Financial Statements* that focus on *individual parts* of the District, reporting the District's operations in *more detail* than the Government-wide statements.
- The *Governmental Funds Statements* tell how basic services, such as regular and special education, were financed in the *short-term* as well as what remains for future spending.
- The General Fund's Statement of Revenues, Expenditures and Changes in Fund Balance Budget to Actual is presented for the primary operating fund of the District.
- The *Proprietary Funds Statements* offer *short-term* and *long-term* financial information about the activities the District operates as Internal Service Funds, for self-insurance.
- The *Fiduciary Funds Statement* provides information about the financial relationships in which the District acts solely as a *trustee or agent* for the benefit of others.

The Basic Financial Statements also include notes that explain information in the statements and provide more detailed data. The statements are followed by a section of other supplementary information that further explains and supports the Basic Financial Statements with combining and individual fund statements that provide details about the Nonmajor Governmental Funds. Combining statements for the District's discretely presented component units are also included. Also, the other supplemental section includes schedules of budget to actual for each governmental fund. Figure A-1 on the following page shows how the various parts of this report are arranged and related to one another.

Figure A-1

Organization of the District's Comprehensive Annual Financial Report

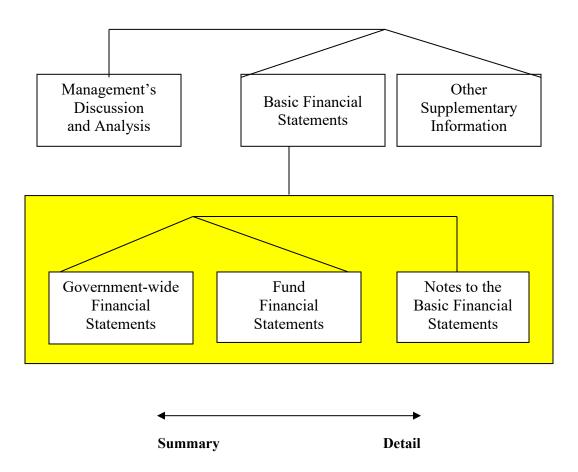

Figure A-2 summarizes the major features of the District's Basic Financial Statements, including the portion of the District's activities they cover and the types of information they contain. The remainder of this overview section of Management's Discussion and Analysis highlights the structure and contents of each of the statements.

Figure A-2

Major Features of the Government-wide and Fund Financial Statements

		Fund Financial Statements						
	Government-wide Statements	Governmental Funds	Proprietary Funds	Fiduciary Funds				
Scope	Entire District (except fiduciary funds)	The activities of the District that are not proprietary or fiduciary, such as delivery of student instruction and building maintenance.	Activities the District operates similar to private businesses.	Instances in which the District administers resources on behalf of someone else, such as scholarship programs and student activity monies.				
Required Financial Statements	Statement of Net Position Statement of Activities	Balance Sheet Statement of Revenues, Expenditures, and Changes in Fund Balances	Statement of Net Position  Statement of Revenues, Expenditures, and Changes in Net Position  Statement of Cash Flows	Statement of Fiduciary Assets and Liabilities				
Accounting basis and measurement focus	Accrual accounting and economic resources focus.	Modified accrual accounting and current financial resources focus.	Accrual accounting and economic resources focus.	Accrual accounting and economic resources focus.				
Type of asset/liability information	All assets and liabilities, both financial and capital, short-term and long-term.	Generally assets expected to be used and liabilities that come due during the year or soon thereafter; no capital assets or long-term liabilities included.	All assets and liabilities, both financial and capital, short-term and longterm.	All assets and liabilities, both financial and capital, short-term and long-term; funds do not currently contain capital assets, although they can.				
Type of in- flow/out-flow information	All revenues and expenses during year, regardless of when cash is received or paid.	Revenues for which cash is received during or soon after the end of the year; expenditures when goods or services have been received and the related liability is due and payable.	All revenues and expenses during the year, regardless of when cash is received or paid.	All additions and deductions during the year, regardless of when cash is received or paid.				

#### **Government-wide Statements**

The Government-wide statements report information about the District as a whole using accounting methods similar to those used by private-sector companies. The Statement of Net Position includes all of the District's non-fiduciary assets, deferred outflows of resources, liabilities, and deferred inflows of resources. All of the current year's revenues and expenses are accounted for in the Statement of Activities, regardless of when cash is received or paid. The two Government-wide statements report the District's *net position* and *how they have changed*. Net position (the difference between the District's assets and deferred outflows less liabilities and deferred inflows) are one way to measure the District's financial health or *position*.

- Over time, increases or decreases in the District's net position is an indicator of whether its financial position is improving or deteriorating, respectively.
- To assess the District's overall health, additional nonfinancial factors, such as changes in the District's property tax base and the condition of the school buildings and other facilities, must be considered.

In the Government-wide statements, the District's activities are divided into two categories:

Governmental Activities: Most of the District's basic services are included here, such as student instruction, transportation, maintenance and operations, and administration. Property taxes and State aid finance most of these activities. The Lee County School Board Leasing Corporation (Leasing Corporation) although legally separate, was formed December 17, 2003, to facilitate financing for the acquisition of facilities and equipment. Due to a substantive economic relationship between the District and the Leasing Corporation, the Leasing Corporation has been included as an integral part of the primary government. Separate financial statements for the Leasing Corporation are not published.

Component Units: The District includes 19 other entities in its report – The Foundation for Lee County Public Schools, Inc., Athenian Academy Charter School, Bonita Springs Charter School, Cape Coral Charter School, City of Palms Charter High School, Inc., Coronado High School, DJB Technical Academy, Inc., Gateway Charter School, Gateway Intermediate Charter School, Gateway Charter High School, The Heights Charter School, Heritage Charter School, Inc., Island Park Charter High School, Inc., The Island School, Inc., Northern Palms Charter High School, North Nicholas High School, Oak Creek Charter School of Bonita Springs, Inc., Palm Acres Charter High School, Inc., and Six Mile Charter Academy. Although legally separate, these "component units" are important because the District is financially accountable.

#### **Fund Financial Statements**

The fund financial statements provide more detailed information about the District's funds, focusing on its most significant or "major" funds – not the District as a whole. Funds are accounting devices used to track specific sources of funding and spending on particular programs.

- Some funds are required by State law and bond covenants.
- The District establishes other funds to control and manage money for particular purposes (such as repaying its long-term debts), or to show that it is properly using certain revenues (such as Federal grants).

The District has three kinds of funds:

#### Governmental Funds

Most of the District's basic services, such as instruction and facilities services, are included in governmental funds. These funds generally focus on 1) how cash and other financial assets can readily be converted to cash flow in and out, and 2) the balances left at year-end that are available for spending. Consequently, the governmental funds statement provides a detailed, short-term view that assists the reader in determining whether there are more or fewer financial resources that can

be spent in the near future to finance the District's programs. Because this information does not encompass the additional long-term focus of the government-wide statements, a reconciliation is provided for both the governmental fund balance sheet and the statement of revenues, expenditures, and changes in fund balance which explains the relationships and/or differences between the funds.

### Proprietary Funds

Services for which the District charges a fee are generally reported in proprietary funds. Proprietary funds are reported in the same way as the Government-wide statements. The District uses two *Internal Service Funds* (a type of proprietary fund) to report activities that provide self-insurance services for its other programs and activities.

### Fiduciary Funds

The District is the trustee, or *fiduciary*, for assets that belong to others, such as the student activity funds. The District is responsible for ensuring that the assets reported in these funds are used only for the intended purposes. The District excludes these activities from the Government-wide statements because it cannot use these funds to finance its operations.

### Financial Analysis of the District (Primary Government) as a Whole

**Net Position.** The District's *combined* net position was larger on June 30, 2020, than the previous fiscal year; increasing \$48.2 million to \$811.5 million (see Figure A-3) primarily due to the first full year of collection of local sales tax revenue. By far, the largest portion of the District's net position, \$859.9 million (106.0 percent) reflects its net investment in capital assets (e.g., land, construction in progress, buildings, improvements, equipment, motor vehicles, software and audio visual materials). The District uses these capital assets to house and educate the students of Lee County, Florida; consequently, these assets are not available for future spending. Although the District's investment in capital assets is reported net of related debt, it should be noted that the resources needed to repay this debt must be provided from other sources, since the capital assets themselves cannot be used to liquidate these liabilities.

The restricted portion of the District's net position, \$286.0 million (35.2 percent), represents resources that are subject to external restrictions on how they may be used. The unrestricted net position, a deficit amount of \$334.4 million (41.2 percent), was the result of accruing \$486.9 million in net pension liability.

Figure A-3

Condensed Statement of Net Position (in millions of dollars)

		Govern Activ	Total Percentage Change		
		2019 2020			
Current and Other Assets	\$	471.3	\$	693.3	47.1%
Capital Assets		1,248.5		1,269.4	1.7%
Total Assets		1,719.8		1,962.7	14.1%
Deferred Outflows of Resources		198.8		180.7	(9.1)%
Long-Term Liabilities		994.0		1,162.7	17.0%
Other Liabilities		106.2		115.3	8.6%
Total Liabilities		1,100.2		1,278.0	16.2%
Deferred Inflows of Resources		55.1		53.9	(2.2)%
Net Position					
Net Investment in Capital Assets		851.4		859.9	1.0%
Restricted		204.7		286.0	39.7%
Unrestricted (Deficit)		(292.8)		(334.4)	14.2%
Total Net Position	\$	763.3	\$	811.5	6.3%

The District's improved financial position is the product of many factors, but the most significant factors are due to:

- First full year of local half penny sales tax collection.
- Florida Education Finance Program revenue increased \$28.8 million as a result of increased enrollment as well as an increase in the rate per student.

**Changes in Net Position.** The District's total revenue increased 6.8 percent to \$1,150.8 million (see Figure A-4). Property taxes, local sales tax, FEFP funding, and federal and state sources, accounted for most of the District's revenue, contributing about 91 cents of every dollar raised (see Figure A-5). The remainder came from capital grants and contributions, operating grants and contributions, fees charged for services, investment earnings and other sources.

The total cost of all programs and services increased 3.9 percent to \$1,102.6 million. Approximately 90 percent of the District's expenses are related to student instruction, student services, facilities services, transportation, operation of plant and maintenance of schools (see Figure A-6). The District's administrative activities, including school administration, accounted for 10 percent of total costs. The \$1.2 million decrease in community service costs was derived largely from lack of child care fees due to the COVID-19 pandemic.

Total revenues surpassed expenses, increasing net position \$48.2 million and contributing to the District's improved financial condition.

Figure A-5

### **Sources of Revenues for Fiscal Year 2020**

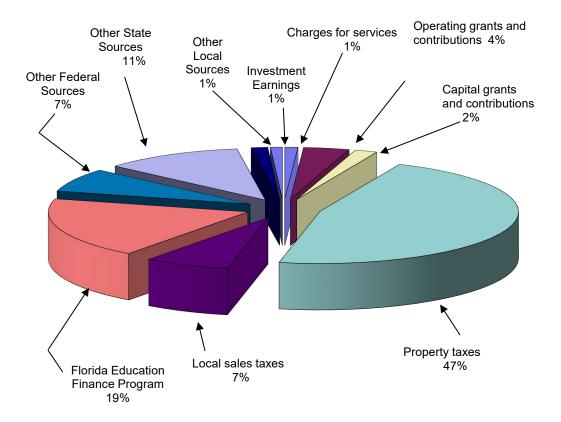

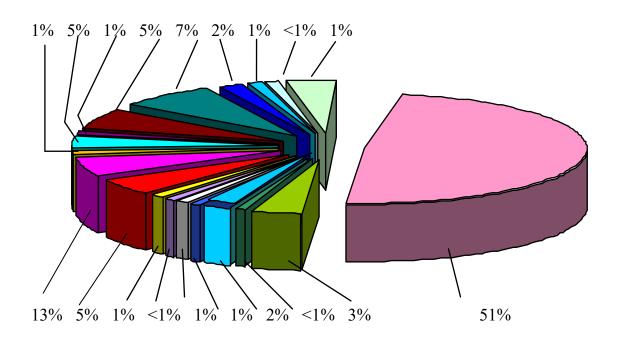

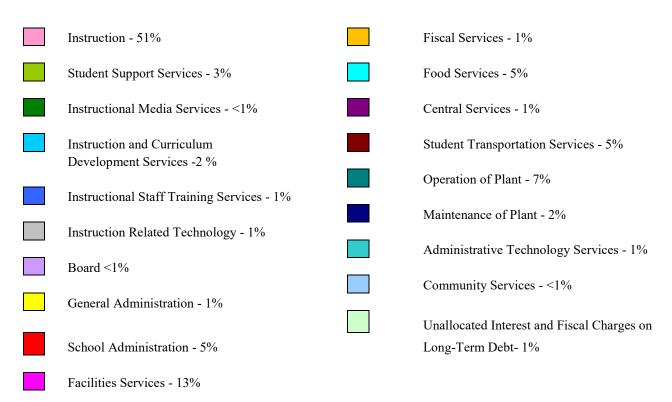

Figure A-6

### **Expenses for Fiscal Year 2020**

#### **Governmental Activities**

Revenues for the District's governmental activities increased 6.8 percent, while expenses increased 3.9 percent. The increase in net position for governmental activities was \$48.2 million in 2020. The major impact to revenue was the collection of a full year of a half penny local sales tax of \$79.5 million.

Figure A-7 presents the cost of the District's activities. The table also shows each activity's *net cost* (total cost less fees generated by the activities and intergovernmental aid provided for specific programs). The net cost shows the financial burden placed on the taxpayers by each of these functions.

Total <sub>_</sub>	\$	1,061.1	\$	1,102.6	3.9%	\$	(972.9)	\$	(1,026.8)	5.5%

The cost of all governmental activities this year was \$1,102.6 million.

Part of the cost was financed by the users of the District's programs (\$12.2 million).

The Federal and State governments subsidized certain programs with grants and contributions (\$63.6 million).

However, most of the District's costs (\$1,026.8 million) were financed by District and State taxpayers. This portion of governmental activities was financed with \$537.1 million from property taxes, \$79.5 million of local sales tax and \$447.4 million of unrestricted Florida Education Finance Program funds based on the statewide education aid formula, and other federal, state, and local sources.

#### Financial Analysis of the District's Funds

The focus of the governmental funds is to provide information on near-term inflows, outflows and balances of spendable resources. Such information is useful in assessing the District's financing requirements. As the District completed the fiscal year, its governmental funds reported combined fund balances of \$509.3 million, which is above last fiscal year's ending fund balances of \$301.3 million. Unassigned fund balance of \$98.4 million represents 19.3 percent of the ending fund balances and is available to meet the District's short-term spending needs. The remainder of fund balance is non-spendable, restricted or assigned to indicate that it is not available for new spending, because it is: 1) to liquidate inventory and prepaid items of \$8.4 million; 2) restricted by Federal law, State statute and local ordinance of \$402.0 million; and 3) assigned for State and Local programs of \$0.5 million.

Seven of the nine Governmental Funds had more revenues and other financing sources than expenditures and other financing uses in 2020, thereby contributing to the increase in total fund balance. Most significantly, \$115.2 million of the Capital Projects Fund Certificates of Participation/Impact Fees/State Grants fund balance increased due to the adoption of a half penny local sales tax and issuance of two Certificates of Participation for the construction of one middle and one high school. One fund reflected a decrease (\$4.1 million) in fund balance. The Special Revenue Fund Food Service Fund fund balance decreased due to the reduction in revenue while school was closed due to the COVID-19 pandemic, but the District still offered a grab-and-go meal program to all students and while expenditures were less than anticipated, due to the reduction in revenue the District had to use prior year resources to cover the expenditures.

The General Fund is the District's chief operating fund. At the end of the current fiscal year, unassigned fund balance of the General Fund was \$98.4 million, while total fund balance reached \$140.7 million. During the current fiscal year, the fund balance of the General Fund increased by \$20.2 million. A key factor in this increase was the collection of \$28.8 million in Florida Education Finance Program funds as a result of increased enrollment as well as an increase in the rate per student.

The *Debt Service Fund Certificates of Participation* is used to account for the resources accumulated and payments made for principal, interest, and related costs on the long-term Certificates of Participation. The restricted fund balance at the end of fiscal year 2020 was \$15.1 million, an increase of \$13.4 million from the prior fiscal year. The increase is related to fiscal year 2020 debt service payments increasing due to the final debt payment of one Certificates of Participation and the addition of two new Certificates of Participation debt payments.

The *Debt Service Fund ARRA Economic Stimulus* is used to account for the resources accumulated and payments made for principal, interest, and related costs on the long-term Qualified School Construction Bond (QSCB). The restricted fund balance at the end of fiscal year 2020 was \$17.8 million, an increase of \$2.1 million from the prior fiscal year due to the accumulated principal payments required to be deposited into a sinking fund until fiscal year 2026 when the debt will be paid.

The Capital Projects Fund Local Capital Improvement Tax is used to account for the resources generated by the local capital improvement tax to be used for educational capital outlay needs. At June 30, 2020, the total fund balance was \$101.0 million, an increase of \$57.8 million from the prior fiscal year due to conservative spending.

The Capital Projects Fund Certificates of Participation/Impact Fees/State Grants is used to account for the resources generated by various sources for educational capital outlay needs, including new construction and removation and remodeling projects as specified in statute, ordinance, or contract. The total fund balance for this fund at the end of the current fiscal year was \$208.6 million, an increase of \$115.2 million from the prior fiscal year. The primary reason for this change was the collection of a full year of a half penny local sales tax and the issuance of two new Certificates of Participation for the construction of one new middle school and one new high school.

#### **General Fund Budgetary Highlights**

Over the course of the fiscal year, the District revised the annual budget several times. These budget amendments generally fall into two categories:

#### Amendments Related to Changes in Revenue Estimates.

Throughout the school year, the District received revised calculations in the FEFP (Florida Education Finance Program – the funding formula for Florida school districts), based on changes in student counts, State revenue estimates, and local tax roll estimates. With each calculation, the budget is amended to reflect the current revenue estimates provided in the FEFP. The District will also amend revenues in the General Fund for new State grants and changes in local revenue sources, such as interest and indirect cost revenue. The District budgets 96 percent of projected property tax revenues at the onset of each budget year, as required by law, and collections are generally higher. Revenue from property taxes was more than the final amended budget by \$0.8 million due to a large collection rate.

#### Amendments to Modify Appropriations.

Throughout the fiscal year, the District may increase appropriations for new grants and unanticipated expenditures, such as hurricane damage.

Each school and department is allowed to modify its existing budget to meet its operational needs throughout the school year. An example of this type of amendment would be to move appropriations from purchased supplies to textbooks in order to acquire new textbooks for the start of class.

Budgeted expenditures were increased \$4.0 million from the original budget to the final amended budget primarily due to the rise in instruction costs due to salary increases.

- Although the District's final budget for the General Fund anticipated that expenditures and other financing uses would exceed revenues and other financing sources by approximately \$94.8 million, the actual results for the fiscal year show that revenues and other financing sources exceeded expenditures and financing uses by \$20.2 million.
- The actual expenditures were \$115.9 million below budgeted levels. Actual expenditures for instruction were more than \$63.4 million below budgeted levels due to conservative spending at the schools.
- Actual expenditures for operation of plant were \$10.9 million below budgeted levels due to conservative spending.

#### **Capital Assets and Debt Administration**

#### Capital Assets

By the end of the 2019-20 fiscal year, the District had an investment of \$1,269.4 million, net of accumulated depreciation, in a broad range of assets, including land, construction in progress, improvements other than buildings, buildings, furniture, fixtures and equipment, motor vehicles, audio visual material and software (see Figure A-8). This amount represents a net increase of \$20.9 million, or 1.7 percent, from the 2018-19 fiscal year. Additions to land, construction in progress, improvements other than buildings, buildings, furniture, fixtures and equipment and motor vehicles, amounted to \$74.9 million for the fiscal year. Total depreciation expense for the year was \$50.2 million. (More detailed information about capital assets can be found in Note 5 to the Basic Financial Statements.)

Figure A-8

Capital Assets (net of depreciation, in millions of dollars)

			Total Percentage Change			
		<u>20</u>	<u>)19</u>	2	<u>2020</u>	
Land		\$	181.7	\$	183.7	1.1%

Audio Visual Materials and Software	_		11.3		10.2	(9.7)%
7	Γotal	\$	1,248.5	\$	1,269.4	1.7%

The District's approved five-year Capital Outlay Plan includes the construction of one new high school, two new middle schools, three new elementary schools and the remodel of one middle school and two elementary schools over the next five years. The District's student enrollment has grown over the last several years, 4.6 percent since 2016 for a present enrollment of 95,578 students.

The District's capital projects budget shows spending another \$320.7 million in the 2020-21 fiscal year for capital projects, principally in four areas:

- 1) \$6.0 million to purchase new school buses.
- 2) \$26.7 million to continue the upgrade of technology equipment.
- 3) \$98.1 million to continue the maintenance of existing schools.
- 4) \$85.0 million to remodel one elementary school and begin the construction of two new middle schools and one new elementary school and to complete the construction of one new high school.

#### Long-Term Debt

At fiscal year-end, the District had \$527.7 million in SBE bonds, Certificates of Participation and Notes outstanding, an increase of 31.9 percent from last fiscal year, as shown in Figure A-9. (More detailed information about the District's long-term liabilities is presented in Note 8 to the Basic Financial Statements.)

Figure A-9

#### **Outstanding Long-Term Debt (in millions of dollars)**

				Total
	Tota	1		Percentage
	School D	istrict		Change
	<u>2019</u>		<u>2020</u>	
Certificates of Participation and Note Payables				
(financed with property taxes)	\$ 398.9	\$	526.8	32.1%
State School Bonds (financed with specific taxes & fee				
revenues)	1.3		0.9	(30.8)%
Total	\$ 400.2	\$	527.7	31.9%

During the fiscal year, the District issued \$136.1 million in Certificates of Participation bonds.

The District continues to retire its outstanding debt as it becomes due, retiring \$31.0 million of outstanding Certificates of Participation, notes, and bonds during the 2019-20 fiscal year.

This space intentionally left blank

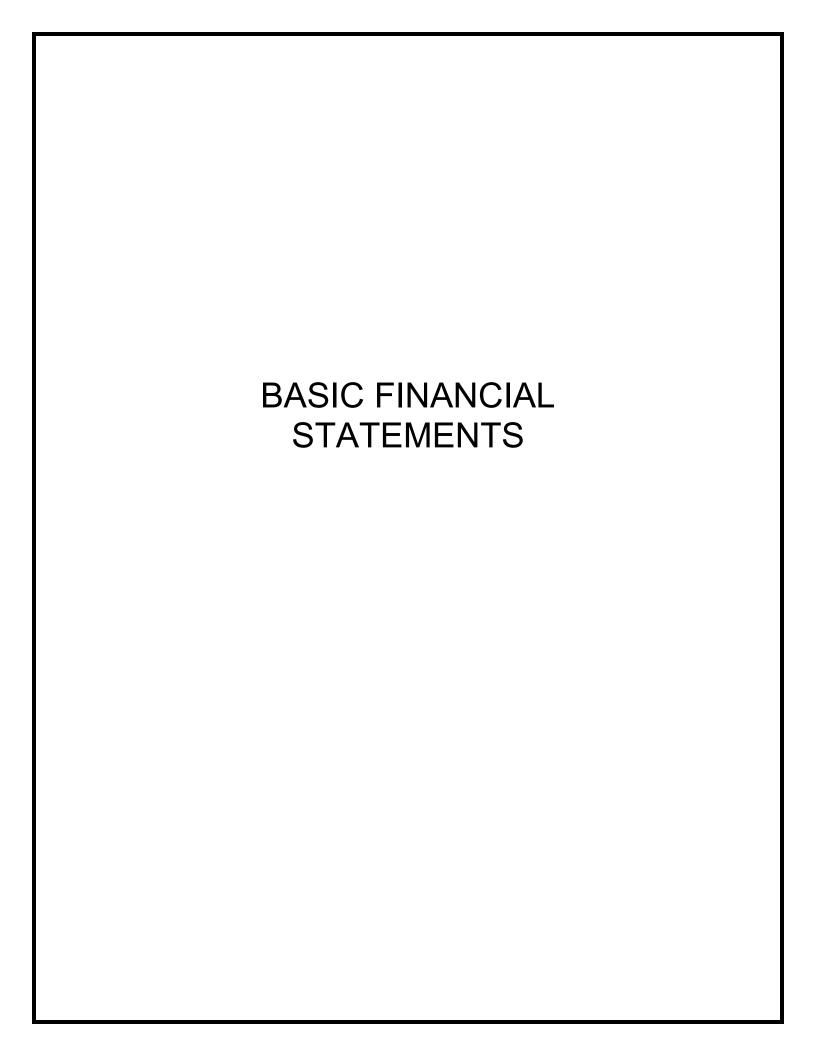

#### **Factors Bearing on the District's Future**

At the time these financial statements were prepared, the District was aware of four existing circumstances that could significantly affect its financial health in the future:

- The impact of the COVID-19 pandemic on daily operations, the budget, and the economy cannot be understated. Since March 2020, our school district has been fully engaged in evolving everything we do in response to this national emergency. Formulating new methods of instructional delivery, creating new operational procedures to provide for student and staff safety, assessing need for personnel based on student instructional delivery method, and formulating the budget to provide reserves for possible future budget cuts has been an all-consuming process for months. We will need to maintain agility over this next year in order to respond to the inevitable adjustments that will be needed as we enter our first full school year of instruction in the pandemic.
- The state enacted a new law this year that mandates a minimum salary of \$47,500 for beginning teachers. While the state provided the funds to increase beginning teacher salaries to this level, there were no funds provided for a commensurate increase for existing staff. The negotiation of salary schedules that will be palatable for all employees will be a challenge, as the availability of funding is limited, unknown budget demands and reductions due to the COVID-19 pandemic are likely, and employee expectations may be high.
- The FEFP, which includes State and Local funding, is our main source of funding in the general fund, comprising over 90 percent of new revenue. The District is highly dependent on this funding mechanism, and any fluctuation in this funding formula has substantial impacts on operations. We strive to plan responsibly by maintaining appropriate reserves that will assist us in mitigating changes to the formula that negatively impact our funding.
- Costs of retirement and health insurance will be concerns to deal with in the future. Retirement rate increase for fiscal year 2021 comes at a cost of \$7.2 million, and the state has indicated they expect for the cost to continue to increase in subsequent years. In addition, market conditions continue to push the costs of health insurance. Health insurance is an important part of total compensation. The District will be making critical decisions in the near future on the structure of our health insurance plans, and determining how available funds will be allocated between insurance and salary increases to create a meaningful total compensation plan for all employees.

#### **Contacting the District's Financial Management**

This Comprehensive Annual Financial Report is designed to provide the District's citizens, taxpayers, customers, and investors and creditors with a general overview of the District's finances and to demonstrate the District's accountability for the money it receives. If you have questions about this report or need additional financial information, contact the Director of Financial Accounting, the School District of Lee County, 2855 Colonial Blvd., Fort Myers, Florida 33966-1012.

## THE SCHOOL DISTRICT OF LEE COUNTY RECONCILIATION OF THE GOVERNMENTAL FUNDS BALANCE SHEET TO THE GOVERNMENT-WIDE STATEMENT OF NET POSITION June 30, 2020

#### **Total Fund Balance - Governmental Funds**

\$ 509.268.422

Amounts reported for governmental activities in the statement of net position are different because:

Capital Assets, net of accumulated depreciation, used in governmental activities are not financial resources and, therefore, are not reported as assets in the governmental funds.

Original cost of capital assets \$ 2,069,202,066 Accumulated depreciation (799,787,783)

1,269,414,283

Deferred outflow of resources are reported as a result of changes in fair value of deferred amounts on pensions, postemployment health benefits, and refundings in the statement of net position.

180,694,639

Capital credits to be received in future years are not available to liquidate liabilities in governmental funds, but are accrued in the government-wide financial statements.

7,654,073

Revenues that have been deferred or unearned in the governmental funds but are recognized as revenue in the government-wide financial statements.

29,619

Long-term liabilities are reported in the statement of net position but not in the governmental funds because they are not due and payable in the current period. Balances at June 30, were:

Accrued interest payable	(134,754)	
Bonds payable	(923,563)	
Certificates of participation payable	(518,201,963)	
Notes payable	(8,611,535)	
Estimated early retirement payable	(1,188,000)	
Net pension liability	(486,925,058)	
Estimated insurance claims payable	(26,801,265)	
Postemployment benefits payable	(50,552,528)	
Liability for compensated absences	(69,471,993)	
Subtotal, long-term liabilities		(1,162,810,659)

Deferred inflow of resources are reported as a result of changes in fair value of deferred amounts on pensions, postemployment health benefits and refundings in the statement of net position.

(53,878,131)

Internal service funds are used by management to charge the costs of certain activities, such as insurance, to individual funds of the District. The assets and liabilities of the internal service funds, which are reported in the proprietary funds rather than the governmental funds, are included in governmental activities in the statement of net position. The internal service funds net position is \$34,315,237. This includes \$3,606 in capital assets, \$40,812 in compensated absences and \$26,801,265 in estimated unpaid claims included above. The net amount is as follows:

61,153,708

#### Total net position - governmental activities

\$ 811,525,954

#### NOTE 1: SUMMARY OF SIGNIFICANT ACCOUNTING PRACTICES

#### Reporting Entity

The District School Board of Lee County (Board) has direct responsibility for operation, control, and supervision of the School District of Lee County (District) and is considered a primary government for financial reporting. The District is part of the Florida system of public education under the general direction of the State Board of Education. The governing body of the District is the Board, which is composed of seven elected members. The appointed Superintendent of Schools (Superintendent) is the executive officer of the District. The general operating authority of the Board and the Superintendent is contained in Chapters 1000-1013, Florida Statutes. Geographic boundaries of the District correspond with those of Lee County, Florida.

Pursuant to Section 1010.51, Florida Statutes, the Superintendent is responsible for keeping records and accounts of all financial transactions in the manner prescribed by the State Board of Education.

For financial reporting purposes, the accompanying financial statements include all of the operations over which the District is financially accountable. The District is financially accountable for organizations that make up its legal entity, as well as legally separate organizations that meet certain criteria. In accordance with GASB 14, "The Financial Reporting Entity," as amended by GASB 39, "Determining Whether Certain Organizations Are Component Units" and GASB 61, "The Financial Reporting Entity: Omnibus an amendment of GASB Statements Nos. 14 and No. 34", the criteria for inclusion in the reporting entity involve those cases where the District or its officials appoint a voting majority of an organization's governing body and is either able to impose its will on the organization and there is a potential for the organization to provide specific financial benefits to or to impose specific financial burdens on the District or the nature and significance of the relationship between the District and the organization is such that exclusion would cause the District's financial statements to be incomplete. Based on the application of these criteria, District management has determined that the following five charter schools are not component units: Florida Southwestern Collegiate High School, Oasis Elementary School South, Oasis Middle School, Oasis Elementary School North, and Oasis High School. Each of these charter schools are operated and reported as a component unit by a government entity other than the District.

Based on the application of the criteria, the following component units are included within the District's reporting entity:

#### Blended Component Unit - Leasing Corporation

The Lee County School Board Leasing Corporation (Leasing Corporation) was formed on December 17, 2003, to facilitate financing for the acquisition of facilities and equipment. Additionally, the Corporation is legally separate from the District and the governing board of the Leasing Corporation is the District School Board. Therefore, the financial activities of the Leasing Corporation have been blended (reported as if it were part of the District) with those of the District. Separate financial statements for the Leasing Corporation are not published.

#### Discretely Presented Component Unit – Foundation

The Foundation for Lee County Public Schools, Inc., (Foundation) was formed for the purpose of improving the quality of education by increasing community involvement with and support for Lee County schools. Although the District does not control the timing or amount of receipts from the Foundation, the majority of resources (or

incomes thereon) that the Foundation holds and invests are restricted to the activities of the District by the donors. Because these restricted resources held by the Foundation can only be used for the benefit of the District, the Foundation is considered a component unit of the District and is discretely presented in the District's financial statements. An annual audit of the Foundation's financial statements is conducted by an independent certified public accountant and is filed in the District's administrative office.

#### Discretely Presented Component Units - Charter Schools

At fiscal year-end there were eighteen charter schools operating within the District that met the criteria for presentation as a discretely presented component unit. All charter schools are separate, not-for-profit corporations organized and operated as charter schools under Section 1002.33, Florida Statutes, to enhance the education of the Lee County students attending these schools. Charter Schools do not have the constitutional authority to levy taxes, making charter schools fiscally dependent on the District. Pursuant to Florida Statutes section 1002.33(17) students enrolled in a charter school shall be funded the same as students enrolled in other public schools in the District. The charter schools' full-time equivalent (FTE) student enrollment is the basis for the District to provide funding to the charter schools. The financing of charter schools imposes a financial burden on the District. Because charter schools are fiscally dependent and create a financial burden on the District, charter schools are considered component units of the District. Audits were performed for each Charter School for the year ended, by independent certified public accountants and are on file at the District's administrative office.

The eighteen component unit charter schools in operation at fiscal year-end are listed below:

Athenian Academy Charter School - The school's charter was granted January 9, 2018, for a grade K-8 school. As of June 30, 2020, the school was a grade K-8 school. The school is located in Fort Myers, Florida.

Bonita Springs Charter School – The school's charter was granted December 18, 2001, for a grade K-8 school. As of June 30, 2020, the school was a grade K-8 school. The school is located in Bonita Springs, Florida.

Cape Coral Charter School – The school's charter was granted August 20, 2002, for a grade K-8 school. As of June 30, 2020, the school was a grade K-8 school. The school is located in Cape Coral, Florida.

City of Palms Charter High School, Inc. – The school's charter was granted October 25, 2005, for a grade 9-12 school. As of June 30, 2020, the school was a grade 9-12 school. The school is located in Fort Myers, Florida.

*Coronado High School* – The school's charter was granted October 23, 2007, for a grade 9-12 school. As of June 30, 2020, the school was a grade 9-12 school. The school is located in Fort Myers, Florida.

*DJB Technical Academy, Inc.* - The school's charter was granted March 12, 2013, for a grade 9-12 school. As of June 30, 2020, the school was a grade 9-12 school. The school is located in Fort Myers, Florida.

Gateway Charter School – The school's charter was granted August 20, 2002, for a grade K-8 school. As of June 30, 2020, the school was a grade K-4 school. The school is located in Fort Myers, Florida.

Gateway Intermediate Charter School – The school's charter was granted August 20, 2002, for a grade K-8 school. As of June 30, 2020, the school was a grade 5-8 school. The school is located in Fort Myers, Florida.

Gateway Charter High School – The school's charter was granted October 21, 2003, for a grade 9-12 school. As of June 30, 2020, the school was a grade 9-12 school. The school is located in Fort Myers, Florida.

The Heights Charter School – The school's charter was granted December 08, 2015, for a grade K-3 school. As of June 30, 2020, the school was a grade K-3 school. The school is located in Fort Myers, Florida.

*Heritage Charter School, Inc.* – The school's charter was granted May 3, 2011, for a grade K-8 school. As of June 30, 2020, the school was a grade K-8 school. The school is located in Cape Coral, Florida.

*Island Park Charter High School, Inc.* – The school's charter was granted April 01, 2014, for a grade 9-12 school. As of June 30, 2020, the school was a grade 9-12 school. The school is located in Fort Myers, Florida.

*The Island School, Inc.* - The school's charter was granted May 2, 2000, for a grade K-8 school. As of June 30, 2020, the school was a grade K-5 school. The school is located in Boca Grande, Florida.

*Northern Palms Charter High School* - The school's charter was granted April 28, 2015, for a grade 9-12 school. As of June 30, 2020, the school was a grade 9-12 school. The school is located in North Fort Myers, Florida.

*North Nicholas High School* - The school's charter was granted October 23, 2007, for a grade 9-12 school. As of June 30, 2020, the school was a grade 9-12 school. The school is located in Cape Coral, Florida.

Oak Creek Charter School of Bonita Springs, Inc. – The school's charter was granted September 23, 2008, for a grade K-8 school. As of June 30, 2020, the school was a grade K-8 school. The school is located in Bonita Springs, Florida.

Palm Acres Charter High School, Inc. – The school's charter was granted March 11, 2014, for a grade 9-12 school. As of June 30, 2020, the school was a grade 9-12 school. The school is located in Lehigh Acres, Florida.

Six Mile Charter Academy – The school's charter was granted August 10, 2004, for a grade K-8 school. As of June 30, 2020, the school was a grade K-8 school. The school is located in Fort Myers, Florida.

#### Change in Reporting Entity

The Component Unit Beginning Net Position has been adjusted due to accounting changes for the following schools: Athenian Academy Charter School and Heritage Charter School, Inc. Also, the Component Unit Beginning Net Position has been adjusted for the removal of Accelerated Educational Services, Inc. as it ceased operations June 30, 2019. The June 30, 2019 audited financial statement was the final statement for the school. As a result of these changes in reporting, the net position of the component units as a whole has been adjusted as follows:

Net Position, Beginning of year, as previously reported:	\$ (1,287,752)
Adjustment for Effect of Change in Reporting Entity	
Accelerated Educational Services, Inc.	(35,900)
Athenian Academy Charter School	52
Heritage Charter School, Inc.	 125,403
Net Position, Beginning of year, adjusted	\$ (1,198,197)

#### Government-Wide and Fund Financial Statements

The government-wide financial statements (i.e., the Statement of Net Position and the Statement of Activities) report information on all of the non-fiduciary activities of the primary government and its component units. *Governmental activities*, which normally are supported by taxes and intergovernmental revenues, are reported separately from *business-type activities* that rely to a significant extent on fees and charges for support. Likewise, the *primary government* is reported separately from certain legally separate *component units* for which the District is financially accountable.

The Statement of Activities demonstrates the degree to which the direct expenses of a given function or segment is offset by program revenues. *Direct expenses* are those that are clearly identifiable with a specific function. *Program revenues* include 1) charges to customers or applicants who purchase, use, or directly benefit from goods, services, or privileges provided by a given function (i.e., food service fees, student fees, print fees, and transportation fees), and 2) grants and contributions that are restricted to meeting operational or capital requirements of a particular function (e.g., Federal food service, transportation, and Public Education Capital Outlay [PECO] grants). Taxes and other items not properly included among program revenues are reported instead as *general revenue*.

The effects of interfund activities have been eliminated from the government-wide financial statements except for interfund services provided and used. Interfund transactions include transactions involving the internal service funds. These transactions were eliminated by allocating the change in net position of internal services funds in direct proportion as they were charged as expenses to the various functions/programs.

Fund financial statements report detailed information about the District in the governmental, proprietary, and fiduciary funds. The focus of governmental fund financial statements is on major funds rather than reporting funds by type. Each major fund is reported in a separate column. Nonmajor funds are aggregated and reported in a single column. Because the focus of governmental fund financial statements differs from the focus of government-wide financial statements, reconciliation is presented with each of the governmental fund financial statements.

The District reports the following major governmental funds:

- *General Fund* is the District's primary operating fund. It accounts for all financial resources of the general government except those required to be accounted for in another fund.
- Debt Service Fund Certificates of Participation accounts for the resources accumulated and payments made for principal, interest, and related costs on the long-term Certificates of Participation.
- Debt Service Fund ARRA Economic Stimulus accounts for the accumulation of resources for the payment of debt principal, interest and related costs on the Qualified School Construction Bonds.
- Capital Projects Fund Local Capital Improvement Tax accounts for the resources used for the acquisition or construction of major capital facilities financed through tax levies pursuant to Section 1011.71(2), Florida Statutes.

• Capital Projects Fund – Certificates of Participation/Impact Fees/State Grants accounts for the resources used for the acquisition or construction of major capital facilities financed through certificates of participation, impact fees, and state capital grant proceeds.

Additionally, the District reports the following fund types:

- *Internal Service Funds* account for the self-insurance programs.
- Agency Funds account for resources of the school internal funds that are used to administer money collected at schools in connection with student athletic, class, and club activities.

Separate financial statements are provided for governmental funds, proprietary funds, and fiduciary funds, even though the latter are excluded from the government-wide financial statements.

#### Measurement Focus, Basis of Accounting, and Financial Presentation

The government-wide financial statements are reported using the *economic resources measurement focus* and the *accrual basis of accounting*, as are the proprietary and fiduciary fund financial statements. The agency fund is custodial in nature (assets equal liabilities) and uses the accrual basis of accounting to recognize receivables and payables. Revenues are recorded when earned, and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows. Property taxes are recognized as revenues in the year for which they are levied. Grants and similar items are recognized as revenue as soon as all eligibility or expenditure requirements imposed by the provider have been met.

Governmental fund financial statements, which include the General, Special Revenue, Debt Service, and Capital Projects funds, are prepared using the *current financial resource measurement focus* and the *modified accrual basis of accounting*. Under the modified accrual basis of accounting, expenditures are generally recognized when the related fund liability is incurred. The principal exceptions to this general rule are: (a) principal and interest on general long-term debt is recognized as expenditures when due; and (b) claims and judgments and compensated absences are recognized when due. Allocations of cost, such as depreciation, are not recognized in governmental funds.

Revenues can be classified into two kinds of transactions: (a) exchange and exchange-like transactions, in which each party receives and gives up essentially equal value and (b) nonexchange transactions, in which a government gives (or receives) value without directly receiving (or giving) equal value in exchange.

Revenue resulting from exchange transactions is recorded on the accrual basis when the exchange takes place. Revenues resulting from nonexchange transactions are further classified into (a) derived tax revenues, (b) imposed nonexchange revenues, (c) government-mandated nonexchange transactions, and (d) voluntary nonexchange transactions. Derived tax revenues (i.e., sales tax) are recorded when the exchange transaction occurs. The District currently does not have any derived tax revenues. Imposed nonexchange transactions (i.e., property taxes) are recorded when use of the resource is required or first permitted by time requirement (for example, for property taxes, the period for which they are levied). Government-mandated and voluntary nonexchange transactions (i.e., Federal mandates, grants, and donations) are recorded when all eligibility requirements have been met.

When applying the susceptible to accrual concept under the modified accrual basis, resources also should be available. Revenues are considered to be available when they are collectible within the current period or soon enough thereafter to pay liabilities of the current period. The District considers revenues to be available if they are collected within 60 days of the end of the current fiscal year. The District considers property taxes to be available if they are collected within 60 days of the end of the current fiscal year. When grant terms provide that the expenditure of resources is the prime factor for determining eligibility for Federal, State, and other grant resources, revenue is recognized at the time the expenditure is made.

Proprietary funds distinguish *operating* revenues and expenses from *nonoperating* items. Operating revenues and expenses generally result from providing services and producing and delivering goods in connection with a proprietary fund's principal ongoing operations. The principal operating revenues of the District's internal service funds are charges for employee health insurance premiums. Operating expenses for internal service funds include insurance claims and excess coverage premiums, and administrative expenses. All revenues and expenses not meeting this definition are reported as nonoperating revenues and expenses.

Each of the charter schools, included as discretely presented component units, are accounted for as governmental organizations and follow the same accounting model as the District's governmental activities.

The Foundation for Lee County Public Schools, Inc., shown as a discretely presented component unit, is accounted for using the accrual basis of accounting, whereby revenues are recognized when earned and expenditures are recognized when incurred.

#### **Budgetary Basis Accounting**

The following procedures, established by State Statutes and State Board of Education rules, are used by the Board in setting up final budget balances reported on the financial statements:

- Budgets are prepared, public hearings are held, and original budgets are adopted annually for all governmental fund types in accordance with procedures and time intervals prescribed by law and State Board of Education rules.
- Appropriations are controlled at the function level (e.g., instruction, student personnel services, and school administration) and may be amended by resolution at any Board meeting prior to the due date for the Annual Financial Report. This function level is the legal level of budgetary control.
- Budgets are prepared using the same modified accrual basis as is used to account for governmental funds.

Budgetary information is integrated into the accounting system and, to facilitate budget control, budget balances are encumbered when purchase orders are issued. Appropriations lapse at year-end and encumbrances outstanding are honored from the subsequent year's appropriations. During the fiscal year ended June 30, 2020, budgets for all governmental fund types were amended to reflect adjustments to appropriations due to changes in student counts, the addition of new education programs, and other events.

#### Cash

Banks qualified as public depositories under Florida law hold cash deposits. All deposits are insured by Federal depository insurance and/or collateralized with securities held in Florida's multiple financial institution collateral pool required by Sections 280.07 and 280.08, Florida Statutes. The Statement of Cash Flows considers cash as those accounts used as demand deposit accounts.

#### Restricted Cash with Fiscal Agent

Self-insurance funds are required to establish and maintain prescribed amounts of resources (consisting of cash) that can be used only to pay insurance claims.

#### Investments

Investments are stated at fair value, based on quoted market prices or recognized pricing sources. Investments consist of direct obligations of the United States Treasury, corporate notes, money market funds, municipal obligations, amounts placed with the State Board of Administration (SBA) debt service accounts for investment of debt service moneys, and amounts placed for participation in the Florida PRIME, Florida Cooperative Liquid Asset Security System (FLCLASS), Florida Public Assets for Liquidity Management (FLPALM) and Florida Fixed Income Trust (FL-FIT) investment pools created by Sections 218.405 and 218.417, Florida Statutes. These investment pools operate under investment guidelines established by Section 215.47, Florida Statutes.

The District's investments in Florida PRIME and FLPALM which are Securities and Exchange Commission Rule 2a7-like external investment pools, as of June 30, 2020, are similar to money market funds in which shares are owned in the fund rather than the underlying investments. These investments are reported at fair value, which is amortized cost.

Types and amounts of investments held at fiscal year-end are described in a subsequent note on investments.

#### Fair Value Measurement

The district categorizes its fair value measurements within the fair value hierarchy established by generally accepted accounting principles. The hierarchy is based on the valuation inputs used to measure the fair value of the asset. Level 1 inputs are quoted process in active markets for identical assets; Level 2 inputs are significant other observable inputs, Level 3 inputs are significant unobservable inputs.

#### **Inventory**

Inventories consist of expendable supplies held for consumption in the course of District operations. Inventories are stated at cost using the average cost method for the central stores, maintenance, transportation, and food service inventories and at last invoice price, which approximates the first-in, first-out basis, for the print shop and media/textbook inventories. United States Department of Agriculture donated foods are recorded at the value established by the Bureau of Food Distribution, Florida Department of Agriculture and Consumer Services using the average cost method. The costs of inventories are recorded as expenditures when used (the consumption method) rather than purchased. The inventories at year-end are reported as non-spendable fund balance.

#### Capital Assets

Expenditures for capital assets acquired or constructed for general District purposes are reported in the governmental funds that financed the acquisition or construction. The capital assets so acquired are reported at cost in the governmental activities column on the government-wide financial statements but are not reported in the governmental fund financial statement. The District defines capital assets as assets with an initial individual cost of \$1,000 or more. Purchased or constructed capital assets are reported at cost or estimated historical cost. Donated assets are recorded at estimated acquisition value at the date of donation. The cost of normal maintenance and repairs that do not add to the value of the asset or materially extend assets' lives are not capitalized. Interest costs incurred during construction of capital assets are not considered material and are not capitalized as part of the cost of construction.

Capital assets are depreciated using the straight-line method over the following estimated useful lives:

<u>Assets</u>	<b>Years</b>
Improvements Other than Buildings	10-40
Buildings and Fixed Equipment	10-50
Motor Vehicles	5-10
Furniture Fixtures and Equipment	3-15
Audio-Visual Materials	3-5
Computer Software	5

Current year information relative to changes in capital assets is described in a subsequent note.

#### **Pensions**

In the government-wide statement of net position, liabilities are recognized for the District's proportionate share of each pension plan's net pension liability. For purposes of measuring the net pension liabilities, deferred outflows of resources and deferred inflows of resources related to pensions, and pension expense, information about the fiduciary net position of the Florida Retirement System (FRS) defined benefit plan and the Health Insurance Subsidy (HIS) defined benefit plan and additions to/deductions from the FRS's and the HIS's fiduciary net position have been determined on the same basis as they are reported by the FRS and the HIS plans. For this purpose, benefit payments (including refunds of employee contributions) are recognized when due and payable in accordance with benefit terms. Investments are reported at fair value.

The District's retirement plans and related amounts are described in a subsequent note.

#### Noncurrent Liabilities and Compensated Absences

In the government-wide financial statements and proprietary fund types in the fund financial statements, noncurrent obligations are reported as liabilities in the applicable governmental activities, or proprietary fund type Statement of Net Position. Debt premiums and discounts are deferred and amortized over the life of the bonds using the straight-line method. Bonds payable and Certificates of Participation are reported net of the applicable premiums or discounts.

In the fund financial statements, governmental fund types recognize debt premiums and discounts, as well as debt issuance costs, during the current period. The face amount of debt issued is reported as other financing sources. Premiums received on debt issuances are reported as other financing sources, while discounts on debt issuances and payments to refunded bond escrow agents are reported as other financing uses. Issuance costs, whether or not withheld from actual debt proceeds received, are reported as debt service expenditures.

The liability for compensated absences reported in the government-wide and proprietary fund statements consist of unpaid, accumulated vacation and sick leave, including applicable salary-related amounts for Social Security, Medicare, and retirement contributions. The liability has been calculated using the vesting method, in which leave amounts for employees who currently are eligible to receive termination payment and other employees who are expected to become eligible in the future to receive such payments upon termination are included. A liability for these amounts is reported in the governmental fund financial statements only if it has matured, such as for occurrences of employee resignations and retirements.

Changes in noncurrent liabilities for the current year are reported in a subsequent note.

#### Deferred Outflows/Inflows of Resources

In addition to assets, the statement of net position reports a separate section for deferred outflows of resources. This separate financial statement element, *deferred outflows of resources*, represents a consumption of net position that applies to a future periods and so will *not* be recognized as an outflow of resources (expense) until then. The District has three items that qualifies for reporting in this category. The first is the deferred amount on refunding. A deferred amount on refunding results from the difference in the carrying value of refunded debt and its reacquisition price. This amount is deferred and amortized over the shorter of the life of the refunded or refunding debt. The second is the deferred amount on pension. A deferred amount on pension results from the difference in the expected and actual amounts of experience, earnings and contributions. This amount is deferred and amortized over the service life of all employees that are provided with pensions through the pension plan except earnings which are amortized over 5 years. The third is the deferred amount on other postemployment benefit (OPEB). A deferred amount on OPEB results from the difference in the expected and actual amounts of experience, earnings and contributions. This amount is deferred and amortized over the service life of all employees that are provided with benefits through the OPEB plan except earnings which are amortized over 10 years.

In addition to liabilities, the statement of net position reports a separate section for deferred inflows of resources. This separate financial statement element, *deferred inflows of resources*, represents an acquisition of net position that applies to a future periods and so will *not* be recognized as an inflow of resources (revenue) until that time. The District has three items that qualify for reporting in this category. The first is the deferred amount on refunding. A deferred amount on refunding results from the difference in the carrying value of refunded debt and its reacquisition price. This amount is deferred and amortized over the shorter of the life of the refunded or refunding debt. The second is the deferred amount on pension. A deferred amount on pension results from the difference in the expected and actual amounts of experience, earnings and contributions. This amount is deferred and amortized over the service life of all employees that are provided with pensions through the pension plan except earnings which are amortized over 5 years. The third is the deferred amount on other postemployment benefit (OPEB). A deferred amount on OPEB results from the difference in the expected and actual amounts of experience, earnings and contributions. This amount is deferred and amortized over the service life of all

employees that are provided with benefits through the OPEB plan except earnings which are amortized over 10 years.

#### Net Position Flow Assumption

Sometimes the government will fund outlays for a particular purpose from both restricted (e.g., restricted bond or grant proceeds) and unrestricted resources. In order to calculate the amounts to report as restricted – net position and unrestricted – net position in the government-wide and proprietary fund financial statements, a flow assumption must be made about the order in which the resources are considered to be applied. It is the government's policy to consider restricted – net position to have been depleted before unrestricted – net position is applied.

#### Fund Balance Flow Assumptions

Sometimes the District will fund outlays for a particular purpose from both restricted and unrestricted sources (the total of restricted, assigned, and unassigned fund balance). In order to calculate the amounts to report as restricted, assigned, and unassigned fund balance in the governmental fund financial statements, a flow assumption must be made about the order in which the resources are considered to be applied. It is the District's procedure to consider restricted fund balance to have been depleted before using any of the components of unrestricted fund balance. Further, when the components of unrestricted fund balance can be used for the same purpose, assigned fund balance is depleted first followed by unassigned fund balance.

#### Fund Balance/Net Position

In the fund financial statements, governmental funds report constraints on the use of fund balance for amounts that are not spendable, are legally restricted by outside parties for use for a specific purpose, or have self-imposed constraints for use for a specific purpose.

Net position in the government-wide financial statements is classified as net investment in capital assets, restricted and unrestricted. Restricted net position represent constraints on resources that are either externally imposed by creditors, grantors, contributors, law and regulations of other governments, or imposed by law through State statute.

#### **Estimates**

The preparation of the financial statement in conformity with generally accepted accounting principles requires the District to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results may differ from those estimates.

#### Reclassifications

Certain amounts in the discretely presented component units financial statements have been reclassified in order to be consistent with the District's presentation.

#### State Revenue Sources

Revenues from State sources for current operations are primarily from the Florida Education Finance Program, administered by the Florida Department of Education (Department) under the provisions of Section 1011.62,

Florida Statutes. In accordance with this law, the District determines and reports the number of full-time equivalent (FTE) students and related data to the Department. The Department performs certain edit checks on the reported number of FTE students and related data and calculates the allocation of funds to the District. The District is permitted to amend its original reporting for a specified time following the date of the original reporting. Such amendments may impact funding allocations for subsequent years. The Department may also adjust subsequent fiscal period allocations based upon an audit of the District's compliance in determining and reporting FTE students and related data. Normally, such adjustments are treated as reductions or additions to revenue in the year when the adjustments are made.

The State provides financial assistance to administer certain educational programs. State Board of Education rules require that revenue earmarked for these programs be expended only for the program for which the money is provided and require that the money not expended as of the close of the fiscal year be carried forward into the following year to be expended for the same educational programs. The Department generally requires that educational program revenues be accounted for in the General Fund. For selected programs, funds received that are not expended at the fiscal year-end are carried forward into the following year to be expended for the same educational programs. A portion of the fund balance of the General Fund is restricted for the balance of these educational program resources.

The State allocates gross receipts taxes, generally known as Public Education Capital Outlay money, to the District on an annual basis. The District is authorized to expend these funds only upon applying for and receiving an encumbrance authorization from the Department. Accordingly, the District recognizes the allocation of Public Education Capital Outlay funds as advanced revenue until such time as an encumbrance authorization is received. The District also received a Charter School Capital Outlay appropriation.

A schedule of revenues from State sources for the current year is presented in a subsequent note.

#### Property Taxes - Revenue Recognition

The Board is authorized by State law to levy property taxes for District school operations, capital improvements, and debt service.

Property taxes consist of ad valorem taxes on real and personal property within the District. The Lee County Property Appraiser determines property values and the Lee County Tax Collector's office collects the property taxes.

The Board adopted the 2019 tax levy on September 10, 2019. Taxes become an enforceable lien on property as of January 1. Tax bills are mailed in October, and taxes are payable between November 1 of the year assessed and March 31 of the following year at discounts of up to four percent for early payment.

Taxes become delinquent on April 1 of the year following the year of assessment and State law provides for enforcement of collection of personal property taxes by seizure of the property to satisfy unpaid taxes, and for enforcement of collection of real property taxes by the sale of interest-bearing certificates to satisfy unpaid taxes. These procedures result in the collection of substantially all taxes prior to June 30 of the year following the year of assessment.

Property tax revenues are recognized in the government-wide financial statements in the fiscal year for which the Board adopts the tax levy. Property tax revenues are recognized in the governmental fund financial statements when the taxes are received by the District, except that revenue is accrued for taxes collected by the Lee County Tax Collector at fiscal year end which have not yet been remitted to the District. Because any delinquent taxes collected after June 30 would not be material, delinquent taxes receivable are not accrued.

Millages and taxes levied for the current year are presented in a subsequent note.

#### Capital Outlay Surtax

In November 2018, the voters of Lee County approved a one-half cent school capital outlay surtax on sales in the County for 10 years, effective January 1, 2019, to pay for the construction and renovation of school facilities, safety initiatives, maintenance at schools and technology projects in accordance with Section 212.055(6), Florida Statutes.

#### **Educational Impact Fees**

The District receives educational impact fees based on an ordinance adopted by the Board of County Commissioners of Lee County (County) on November 27, 2001. The fee is collected by the County for new residential construction, and can only be used to provide for the acquisition of capital assets or additions to capital assets and expenditures for site acquisition, construction design, site development, necessary off-site improvements, and equipment. Educational impact fee revenues are recognized in the government-wide and governmental fund financial statements when the fees are collected by the County.

#### Federal Revenue Sources

The District receives Federal awards for the enhancement of various educational programs. Federal awards are generally received based on applications submitted to and approved by various granting agencies. For Federal awards in which a claim to these grant proceeds is based on incurring eligible expenditures, revenue is recognized to the extent that eligible expenditures have been incurred.

This space intentionally left blank

#### **NOTE 2: CASH AND INVESTMENTS**

#### 2-A. Cash Deposits

Florida Statutes authorize the deposit of District funds in demand deposits or time deposits of financial institutions approved by the State Treasurer and are defined as public deposits. All District public deposits are held in qualified public depositories pursuant to Chapter 280, Florida Statutes, the "Florida Security for Public Deposits Act." Under the act, all qualified public depositories are required to pledge eligible collateral having a fair value equal to or greater than the average daily or monthly balance of all public deposits times the depository's collateral pledging level. The collateral pledging level may range from 50 percent to 125 percent depending upon the depository's financial condition and the length of time that the depository has been established. All collateral must be deposited with the State Treasurer. Any losses to public depositors resulting from insolvency are covered by applicable deposit insurance, sale of securities pledged as collateral and, if necessary, assessment against other qualified public depositories if the same type as the depository in default. All bank balances of the District are fully insured or collateralized. As of June 30, 2020, the carrying amount of the District's bank deposits was \$78,587,036 and the respective bank balances totaled \$89,309,965. As of June 30, 2020, the carrying amount of the Agency Fund's bank deposits was \$1,974,792.

#### 2-B. Investments

The District's investment policy permits investments in the Florida PRIME, FL CLASS, FLPALM, FL-FIT, securities of the United States Government, U.S. Government Agencies, Federal instrumentalities, interest bearing time deposit or savings accounts, repurchase agreements, commercial paper, corporate notes, bankers' acceptances, state and/or local government debt, and money market mutual funds. The District's investment advisor used the effective duration method to calculate effective duration measures for the securities held by the District. Besides measuring the sensitivity of the securities fair value to changes in interest rates, the effective duration method accounts for any call (early redemption) features which a security may have.

FL PALM and Florida PRIME are external investment pools that are not registered with the Securities Exchange Commission (SEC), but do operate in a manner consistent with the SEC's Rule 2a7 off the Investment Company Act of 1940. Rule 2a7 allows funds to use amortized cost to maintain a constant net asset value (NAV) of \$1.00 per share. Accordingly, the District's investments in both FLPALM and Florida PRIME are reported at the account balance which is amortized cost. There are no restrictions or fees to withdrawal from either of these pools.

All of the District's recurring fair value measurements as of June 30, 2020 are valued using a matrix pricing model (Level 2 inputs).

As of June 30, 2020, the District had the following investments:

		Fair Value Measurements Using					
_	Amount	Pri in A Mark Identica	ices active ets for al Assets	Significant Other Observable Inputs (Level 2)		Unobs Inp	ificant ervable buts vel 3)

Note (1) At June 30, 2020, investments totaling \$187,975,729 were held under trust agreements in connection with Certificates of Participation, Series 2010, 2011A-QSCB, 2012B/C, 2013A, 2014A/B, 2016A, 2017A/B, 2019A and 2020A financing agreements. (See Note 8).

Section 218.415, Florida Statutes, limits the types of investments that a District can invest in unless specifically authorized in District policy.

#### 2-C. Investments – Interest Rate Risk

Interest rate risk is the risk that changes in interest rates will adversely affect the fair value of an investment. To limit exposure to fair value losses resulting from increases in interest rates, the District's Investment Policy limits

operating funds to maturities of one year or less. Investments of reserves, project funds, debt proceeds and other non-operating funds (core funds) shall have a term appropriate to the need for funds and in accordance with debt covenants, but in no event shall exceed five (5) years and the average duration of the funds as a whole may not exceed three (3) years.

The maturity of Florida PRIME, FLCLASS, FLPALM, and FL-FIT investment pools are based on the weighted average days to maturity (WAM). A portfolio's WAM reflects the average maturity in days based on final maturity or reset date, in the case of floating rate instruments. WAM measures the sensitivity of the portfolio to interest rate changes. As of June 30, 2020, the WAM for Florida PRIME is 53 days, FLCLASS is 69 days, FLPALM is 53 days, FL-FIT Cash Pool is 101 days, and FL-FIT Enhanced Cash is 128 days.

#### 2-D. Investments - Credit Risk

Credit risk is the risk that an issuer or other counterparty to an investment will not fulfill its obligations. Section 218.415(17), Florida Statutes, limits investments to the Florida PRIME Local Government Surplus Funds Trust Fund, or any intergovernmental investment pool authorized pursuant to the Florida Interlocal Cooperation Act as provided in Section 163.01, Florida Statutes; Securities and Exchange Commission (SEC) registered money market funds with the highest credit quality rating from a nationally recognized rating agency; investments in interest-bearing time deposits to qualified public depositories, as defined in Section 280.02, Florida Statutes; and direct obligations of the United States Treasury. Investments authorized by District policy are:

- a. Florida Local Government Surplus Funds Trust Funds. As of June 30, 2020, the District had investments totaling \$105,844,693 in Florida PRIME which had an AAAm rating by Standard and Poor's and are reported at amortized cost; \$108,575,052 in FLCLASS which had an AAAm rating by Standard and Poor's and are reported at fair value; \$78,708,704 in FLPALM which had an AAAm rating by Standard and Poor's and are reported at amortized cost; and \$73,493,216 in FL-FIT which had an AAAf rating by Standard and Poor's and are reported at fair value.
- b. Direct Obligations of U.S. Treasury which are unconditionally guaranteed by the United States Government. The maximum length to maturity for direct obligations of US Treasuries shall be five (5) years from the date of purchase. As of June 30, 2020, the District held \$84,338,958 of US Treasuries.
- c. Corporate notes purchased for investment must be issued by corporations organized and operating within the United States or by depository institutions licensed by the United States that have a long term rating, at the time of purchase, at a minimum single A category by any two nationally recognized rating agencies. The maximum length to maturity for corporate notes shall be five (5) years from the date of purchase. As of June 30, 2020, the District held \$12,379,222 of corporate notes of which had an S&P rating between A and AAA.
- d. Municipal Obligations purchased for investment is a general obligation or revenue obligation of any state of the United States, the District of Columbia, or any territorial possession of the United States or of any political subdivision, institution, department, agency, instrumentality, or authority of any such governmental entities, that have a long term rating, at the time of purchase, at a minimum single A category by any two nationally recognized rating agencies. The maximum length to maturity for municipal obligations shall be five (5) years from the date of purchase. As of June 30, 2020, the District held \$8,010,828 of municipal obligations of which had an S&P rating between A and AAA.
- e. Commercial Paper purchased for investment must be rated, at the time of purchase, in the highest 308 tier (A-1, P-1 or F-1 or higher) by a minimum of two nationally recognized rating agencies. The maximum length to maturity for corporate notes shall be two hundred seventy (270) days from the

date of purchase. As of June 30, 2020, the District held \$6,497,674 of commercial paper of which had an S&P rating between A1 and A1+.

- f. U.S. Federal Government Agency Securities and U.S. Government Sponsored Agencies/Federal Instrumentalities.
- g. Repurchase Agreements fully collateralized at 102 percent of fair value by U.S. Treasuries, U.S. Government Agencies, U.S. Government Sponsored Agencies/Federal Instrumentalities.
- h. Securities and Exchange Commission registered money market funds with the highest credit quality rating from a nationally recognized rating agency. As of June 30, 2020, the District had investments in US Bank First American Government Obligation Class Y Money Market Funds with a fair value of \$86,440,348, which were rated AAAm by Standard and Poor's; and Fidelity Institutional Government Class I Money Market Fund with a fair value of \$278,468, which were rated AAAm by Standard and Poor's.
- i. Certificates of Deposit, collateralized at 102 percent of fair value, by U.S. Treasuries, U.S. Government Agencies, U.S. Government Sponsored Agencies/Federal Instrumentalities.
- j. Passbook savings accounts and interest bearing time deposits with banks organized under the laws of the State of Florida or in banks doing business in the State of Florida.

#### 2-E. Investments - Custodial Credit Risk

Custodial credit risk for investments is the risk that, in the event of the failure of the counterparty to a transaction, the District will not be able to recover the value of investment or collateral securities that are in the possession of an outside party. The District's investment policy requires that all securities, with the exception of certificates of deposit, be held with a third party custodian; and all securities purchased by, and all collateral obtained by the District should be properly designated as an asset of the District. The securities must be held in an account separate and apart from the assets of the financial institution. A third party custodian is defined as any bank depository chartered by the Federal Government, the State of Florida, or any other state or territory of the United States which has a branch or principal place of business in the State of Florida as defined in § 658.12, F.S., or by a national association organized and existing under the laws of the United States which is authorized to accept and execute trusts and which is doing business in the State of Florida. Certificates of deposit will be placed in the provider's safekeeping department for the term of the deposit. Security transactions between a broker/dealer and the custodian involving the purchase or sale of securities by transfer of money or securities are made on a "delivery vs. payment" basis, if applicable, to ensure that the custodian will have the security or money, as appropriate, in hand at the conclusion of the transaction. As of June 30, 2020, the District's investment portfolio was held with a third-party custodian.

Funds held by US Bank First American Government Obligation Class Y Money Market Fund are held pursuant to a trust agreement in connection with the issuance of various Certificates of Participation.

#### 2-F. Investments - Concentration of Credit Risk

Concentration of credit risk is the risk of loss attributed to the magnitude of the District's investment in a single issuer. The District's Investment Policy specifies the maximum percentage allocation to any single investment type as well as the maximum percentage holding per issuer. Up to 100 percent of the portfolio may be invested in U.S. Government securities, 75 percent may be invested in Federal Instrumentalities (US government sponsored agencies) with no more than 25 percent with a single issuer and 50 percent may be invested in US government agencies with no more than 10 percent with a single issuer. Corporate Notes are limited to 20 percent

of the portfolio with no more than 5 percent with a single issuer. Commercial Paper is limited to 25 percent of the portfolio with no more than 5 percent with a single issuer.

As of June 30, 2020, all District investments were in compliance with the District's Investment Policy and did not exceed portfolio allocation or issuer maximums.

#### **NOTE 3: DUE FROM OTHER AGENCIES**

The majority of receivables are due from other agencies. These receivables and the remaining accounts receivable are considered to be fully collectable. As such, no allowance for uncollectible accounts receivable is recorded. At June 30, 2020, the District has recorded due from other agencies as follows:

	Ger	neral Fund	ebt Service Fund RRA Economic Stimulus	(	ital Projects Fund Certificates of Participation/ Impact Fees/ State Grants	]	Nonmajor overnmental Funds	Total

### **Encumbrances**

Appropriations in governmental fund types are encumbered upon issuance of purchase orders for goods and/or services. Even though appropriations lapse at the end of the fiscal year, unfilled purchase orders of the current year are carried forward and the next year's appropriations are likewise encumbered. The District uses encumbrance accounting for recording purchase order commitments for goods and services. At June 30, 2020, the District has recorded encumbrances as follows:

Funds	En	cumbrances
Major Funds:		
General	\$	915,372
Capital Projects:		
Local Capital Improvement Tax		23,139,516
Certificates of Participation/Impact		
Fees/State Grants		119,410,403
Non-major Governmental Funds		3,034,691
Total	\$	146,499,982

#### NOTE 6: INTERFUND RECEIVABLES, PAYABLES AND TRANSFERS

The following is a summary of interfund receivables and payables in the fund financial statements:

Funds	Interfund Receivable	Interfund Payable			
M: E 1					
Major Funds					
General	\$ 32,457,764	\$ 19,135,618			
Capital Projects:					
Local Capital Improvement Tax	738,108	17,000,000			
Certificates of Participation/Impact					
Fees/State Grants	2,111,007	3,240,528			
Non-major Governmental Funds	139,450	14,314,455			
Proprietary Funds	 18,244,272				
Total	\$ 53,690,601	\$ 53,690,601			

The interfund receivables and payables represent the payment of expenditures by one fund for another fund and will be repaid within 12 months.

The following is a summary of interfund transfers reported in the fund financial statements:

Funds	T	ransfers In	Tr	ansfers Out
Major Funds				
General	\$	22,717,610	\$	11,183,814
Debt Service Fund:				
Certificates of Participation		61,254,117		-
ARRA Economic Stimulus		2,008,066		-
Capital Projects:				
Local Capital Improvement Tax		11,183,814		32,953,861
Certificates of Participation/Impact				
Fees/State Grants		6,000,000		59,025,932
Total	\$	103,163,607	\$	103,163,607

The majority of the transfers out of the Capital Projects funds were to provide debt service principal and interest payments and to assist in funding maintenance operations of the District. The remaining transfers between funds were operational in nature.

#### **NOTE 7: SHORT-TERM DEBT**

#### Tax Anticipation Notes

On October 24, 2019 the District issued Tax Anticipation Notes ("TANS"), Series 2019 for \$20,000,000. Note proceeds were used to pay fiscal year 2020 District operating expenditures prior to the receipt of ad-valorem taxes. The notes were repaid in March 2020.

Short-term debt activity for the year ended June 30, 2020 was as follows:

	_	nning ance				Ending Balance	
	July 1	, 2019		Issued	Redeemed	June 30, 2020	
Tax anticipation notes	¢		¢	20,000,000	\$ (20,000,000)	¢	
1	<u> </u>		Ф	- ) )	* ( -)/-	3	
Total short-term debt	\$	-	\$	20,000,000	\$ (20,000,000)	\$	

#### **NOTE 8: NONCURRENT LIABILITIES**

### 8-A. Certificates of Participation Payable

The District entered into several financing arrangements, characterized as lease-purchase agreements, with the Florida School Boards Association, Inc. and the Lee County School Board Leasing Corporation (lessors) whereby the District secured financing of various educational facilities. The financing was accomplished through the issuance and refunding of several series of Certificates of Participation. Issues with remaining outstanding balances include 2010 (original issue: \$23,298,000); 2011A-QSCB (original issue: \$27,009,000); Series 2012B (original issue: \$149,015,000); Series 2012C (original issue: \$16,240,000); Series 2013A (original issue: \$25,287,000); Series 2014A (original issue: \$72,340,000); Series 2014B (original issue: \$60,220,000); Series 2016A (original issue: \$61,080,000); Series 2017A (original issue: \$60,177,000); Series 2017B (original issue: \$46,155,000); Series 2019A (original issue: \$90,375,000) issued September 01, 2019 and Series 2020A (original issue: \$45,760,000) issued June 29, 2020 be repaid from the proceeds of rents paid by the District.

The American Recovery and Reinvestment Act (ARRA) of 2009, signed into law on February 17, 2009, created two new categories of direct subsidy debt for school districts. The Qualified School Construction Bonds (QSCBs) and the Build America Bonds (BABs). Neither the QSCBs or the BABs represent incremental Federal Funding, both must be repaid by the District. In June 2011, the Corporation issued Certificate Series 2011A-QSCB in the amount of \$27,009,000. The Series 2011A-QSCB was issued to finance the cost of construction, installation and equipping educational facilities. The Series 2011A-QSCB Certificates are structured as taxable bonds and the District will receive a direct rebate/subsidy payment from the U.S. Treasury to offset a portion of the interest expense. The interest rate bondholders will receive is 5.48 percent and the federal subsidy is 5.02 percent, therefore the net interest cost to the District is 0.46 percent. Interest earnings on the proceeds will further offset this expense.

As a condition of the financing arrangement, the District has given a ground lease on District property to the lessors with a rental fee of \$1 per year. The properties covered by the ground leases are, together with the

improvements constructed thereon from the financing proceeds, leased back to the District. If the District fails to renew the lease and to provide for the rent payments through to term, the District may be required to surrender the sites included under the ground lease agreements for the benefit of the securers of the certificates for a period of time specified by the arrangement which may be up to 2036.

The District properties included in the ground leases under these arrangements include:

2036		7,019,450		6,815,000		204,450								
Total Minimum Lease Payments		591,246,364		355,460,000		91,734,028		130,742,000		13,310,336				
Add: Unamortized Premium/Discount, net		31,999,963		32,094,859				(94,896)						
Total Certificates of Participation Payable	\$	623,246,327	\$	387,554,859	\$	91,734,028	\$	130,647,104	\$	13,310,336				

The District does not have any outstanding or unused lines of credit. The District's certificates of participation from direct borrowings contain a provision that in an event of default or upon the termination of the lease agreement prior to the payment of all scheduled lease payments, the District shall immediately surrender and deliver possession of all facilities financed under the Master Lease. All Certificates of Participation issued are subject to arbitrage rebate. At June 30, 2020, there was no arbitrage rebate liability.

Total Notes Payable	\$	8,783,530	\$	8,611,535	\$	171,995

### **8-C.** Bonds Payable

The following is a description of bonded debt issues:

<u>State School Bonds</u>: The SBE issued these bonds on behalf of the District. The bonds mature serially and are secured by a pledge of the District's portion of the State-assessed motor vehicle license tax. The State's full faith and credit is pledged for all of these SBE Bonds. The original amount of SBE bonds issued was \$2,103,000. The State Board of Education and the SBA administer principal and interest payments, investment of debt service fund resources, and compliance with reserve requirements.

Bonds payable at June 30, 2020, are as follows:

	A	mount	Interest Rate	Annual
Bond Type	Out	tstanding	(Percent)	Maturity to
State School Bonds				
Series 2011A	\$	315,000	3.00-5.00	2023
Series 2014A		493,000	5.00	2024
Series 2020A	-	81,000	5.00	2022
Sub-total Add: Unamortized		889,000		
Premium/Discount, net		34,563	_	
Total Bonds Payable	\$	923,563	=	

State school bonds are not considered direct borrowings or direct placements of debt.

The annual requirements to amortize all bonded debt outstanding as of June 30, 2020, including interest payments, are as follows:

Fiscal Year

Ending June 30	Total	Principal			nterest
State School Bonds					
2021	\$ 295,003	\$	255,000	\$	40,003
2022	283,400		256,000		27,400
2023	255,700		239,000		16,700
2024	145,950		139,000		6,950
Sub-total Bonds Payable Add: Unamortized Premium/Discount, net	980,053 34,563		889,000 34,563		91,053
Total Bonds Payable	\$ 1,014,616	\$	923,563	\$	91,053

### Changes in NonCurrent Liabilities

Noncurrent liability balances and activity for the year ended June 30, 2020, were as follows:

	Balance								Amounts Due Within		
		6/30/2019		Additions		Deductions		Balance 6/30/2020 *		One Year	
<b>Governmental Activities</b>											
Long-Term Debt											
Bonds Payable	\$	1,313,000	\$	81,000	\$	505,000	\$	889,000	\$	255,000	
Bond Premium		46,440		4,372		16,249		34,563		-	
Certificates of Participation Payable		376,167,000		136,135,000		26,100,000		486,202,000		60,730,000	
Certificates of Participation Premium		10,205,983		24,456,449		2,447,979		32,214,453		-	
Certificates of Participation Discount		(469,516)		-		(255,026)		(214,490)		-	
Notes Payable		12,974,659		-		4,363,124		8,611,535		4,245,877	
Total Long-Term Debt		400,237,566		160,676,821		33,177,326		527,737,061		65,230,877	
Other Noncurrent Liabilities											
Estimated Early Retirement Payable		1,197,000		-		9,000		1,188,000		17,800	
Net Pension Liability		451,372,884		265,786,353		230,234,179		486,925,058		2,712,098	
Estimated Insurance Claims Payable		25,341,980		93,576,905		92,117,620		26,801,265		14,128,607	
Postemployment Benefits Payable		51,497,584		5,654,427		6,599,483		50,552,528		-	
Liability for Compensated Absences		64,347,343		27,503,491		22,378,841		69,471,993		5,391,465	
Total Other Liabilities		593,756,791		392,521,176		351,339,123		634,938,844		22,249,970	
Total Noncurrent Liabilities	\$	993,994,357	\$	553,197,997	\$	384,516,449	\$	1,162,675,905	\$	87,480,847	

<sup>\*</sup> Payments on the bonds and notes payable are made by the debt service fund. Payments on the estimated insurance claims payable are made by the Internal Service Fund. The early retirement payable, net pension liability and compensated absences liabilities are generally liquidated with the resources of the General and Special Revenue funds. Other postemployment benefits payable represents an implicit subsidy under GASB Statement No. 75 and will be included in future health insurance premiums charged to the General and Special Revenue funds.

Internal service funds predominantly serve the governmental funds. Accordingly, noncurrent liabilities are included as part of the above totals for governmental activities. At fiscal year-end, a \$40,812 liability for compensated absences in the Internal Service Fund is included in the above amounts.

#### **NOTE 9: DEFEASED DEBT**

On January 14, 2020, the Board issued \$81,000 in State Board of Education, Series 2020A, with an average interest rate of 5.00 percent, to refund the District's State Board of Education, Series 2010A. The Refunding Certificates are being issued to refund the \$85,000 principal amount of the District's State Board of Education, Series 2010A, that mature on or after January 1, 2021. The net proceeds of \$85,199.06, (after payment of \$473 in underwriting fees, insurance, and other issuance costs) were placed in an irrevocable trust to call on January 15, 2020, all outstanding future debt payments on the State Board of Education, Series 2010A. As a result, \$85,000 of the 2010A series SBE are considered to be in-substance defeased and the liability for these bonds has been removed from the government-wide financial statements.

The Series 2010A State Board of Education were refunded to reduce its total debt service payments over the next two years by approximately \$4,897 and to obtain an economic gain (difference between the present value of the debt service payments on the old and new debt) of \$4,874.

In prior years, the District defeased a portion of the Certificates of Participation, Series 2012B by creating a separate irrevocable trust fund. New debt was issued and the proceeds were used to purchase U.S. Government securities that were placed in the trust fund. The investments and fixed earnings from the investments are sufficient to service the defeased debt until the debt is called or matures. For financial reporting purposes, the debt has been considered defeased and, therefore, removed as a liability from the District's long-term debt. As of June 30, 2020, the amount of defeased debt outstanding is \$29,030,000.

#### NOTE 10: FUND BALANCE REPORTING

The District has adopted GASB Statement No. 54 as part of its fiscal year reporting. The intention of the GASB is to provide a more structured classification of fund balance and to improve the usefulness of fund balance reporting to the users of the District's financial statements. The reporting standard establishes a hierarchy for fund balance classifications and the constraints imposed on the uses of those resources. Nonspendable fund balances are balances that cannot be spent because they are not expected to be converted to cash or they are legally or contractually required to remain intact. Examples of this classification are prepaid items, inventories, and principal (corpus) of an endowment fund. The District has inventories and prepaid items that are considered nonspendable. The District does not have any nonspendable funds related to endowments.

In addition to the nonspendable fund balance, GASB Statement No. 54 has provided a hierarchy of fund balances, based on a hierarchy of spending constraints.

- **Restricted**: Fund balances that are constrained by external parties, constitutional provisions, or enabling legislation.
- **Committed**: Fund balances that contain self imposed constraints of the government from its highest level of decision making authority.
- **Assigned**: Fund balances that contain self imposed constraints of the government to be used for a particular purpose. Florida Statute 1001.51, Duties and Responsibilities of District School Superintendent, delegates certain financial authority to the Superintendent.
- Unassigned: Fund balance of the General Fund that is not constrained for any particular purpose.

The District has classified its fund balances with the following hierarchy:

Nonspendable: The District has inventories and prepaid expenses totaling \$8,425,587 that are classified as nonspendable.

The District has classified the remaining fund balances as *Restricted*, *Assigned*, and *Unassigned* and considers each to have been spent when expenditures are incurred. The District does not have a policy regarding the commitment or assignment of fund balances. As such, the District does not report any committed fund balance. However, certain actions taken by the District qualify as an assignment of fund balance in accordance with GASB

Statement No. 54. Included in assigned fund balance is an amount for purchase order obligations outstanding that have not been already included as restricted fund balance.

### • Restricted for State Required Carryover Programs, Other Purposes, Food Services, Debt Service, and Capital Projects:

Federal laws, Florida Statutes, and local ordinances require that certain revenues be specifically designated for the purposes of State required carryover programs, food service, debt service, and capital projects. These funds have been included in the *Restricted* category of fund balance. The restricted fund balances totaled \$401,997,009 and represented \$22,705,817 in State required carryover programs, \$15,445,360 in other externally restricted grants and donations, \$15,207,467 in food service, \$32,844,336 in debt service and \$315,794,029 in capital projects.

#### Assigned for State and Local Programs:

The assigned fund balances total \$468,968. In accordance with GASB Statement No. 54, the District reports outstanding encumbrances, of \$468,968, that have not been previously reported as restricted or assigned. Encumbrances are supported by outstanding purchase orders issued through the established Board approved budget process.

#### • Unassigned:

The unassigned fund balance in the General Fund is \$98,376,858.

#### NOTE 11: SCHEDULE OF STATE REVENUE SOURCES

The following is a schedule of the District's State revenue for the 2019-20 fiscal year:

Source	 Amount
Florida Education Finance Program	\$ 217,412,698
Categorical Educational Programs:	
Class Size Reduction	104,284,591
Florida School Recognition Funds	3,622,366
Voluntary Prekindergaarten Program	2,115,848
Workforce Development Program	10,397,178
Charter School Capital Outlay Funding	5,624,174
Motor Vehicle License Tax (Capital Outlay and Debt Service)	3,857,836
Food Service Supplement	634,064
State License Tax	472,649
Sales Tax Distribution	223,250
District Discretionary Lottery Funds	97,775
Miscellaneous	 3,526,848
Total	\$ 352,269,277

#### **NOTE 12: PROPERTY TAXES**

The following is a summary of millages and taxes levied on the 2019 tax roll in fiscal year 2019-2020:

_	Mills	Amount
General Fund:		_
Nonvoted School Tax		
Required Local Effort	3.899 \$	354,216,957
Basic Discretionary Local Effort	0.748	67,954,420
Capital Projects Funds:		
Nonvoted School Tax		
Local Improvements	1.500	136,272,233
Total	6.147 \$	558,443,610

#### NOTE 13: RETIREMENT PLANS – DEFINED BENEFIT PENSION PLANS

The District follows GASB Statement No. 68, *Accounting and Financial Reporting for Pensions*, for reporting the employers' proportionate share of the net pension liabilities for the FRS and HIS defined benefit pension plans.

#### **General Information about the FRS**

The FRS was created in Chapter 121, Florida Statutes, to provide a defined benefit pension plan for participating public employees. The FRS was amended in 1998 to add the Deferred Retirement Option Program (DROP) under the defined benefit plan and amended in 2000 to provide a defined contribution plan alternative to the defined benefit plan for FRS members effective July 1, 2002. This integrated defined contribution pension plan is the FRS Investment Plan. Chapter 112, Florida Statutes, established the Retiree HIS Program, a cost-sharing multiple- employer defined benefit pension plan to assist retired members of any State-administered retirement system in paying the costs of health insurance.

Essentially all regular employees of the District are eligible to enroll as members of the State-administered FRS. Provisions relating to the FRS are established by Chapters 121 and 122, Florida Statutes; Chapter 112, Part IV, Florida Statutes; Chapter 238, Florida Statutes; and FRS Rules, Chapter 60S, Florida Administrative Code; wherein eligibility, contributions, and benefits are defined and described in detail. Such provisions may be amended at any time by further action from the Florida Legislature. The FRS is a single retirement system administered by the Department of Management Services, Division of Retirement, and consists of two cost-sharing, multiple-employer retirement plans and other nonintegrated programs. A comprehensive annual financial report of the FRS, which includes its financial statements, required supplementary information, actuarial report, and other relevant information, is available from the Florida Department of Management Services' Web site (www.dms.myflorida.com).

The District's FRS and HIS pension expense totaled \$91,699,444 for the fiscal year ended June 30, 2020.

#### FRS Defined Benefit Pension Plan

*Plan Description*. The FRS Pension Plan (Plan) is a cost-sharing multiple-employer defined benefit pension plan, with a DROP for eligible employees. The general classes of membership are as follows:

- Regular Members of the FRS who do not qualify for membership in the other classes.
- *Elected County Officers* Members who hold specified elective offices in local government.
- Senior Management Service—Members in senior management level positions.

Employees enrolled in the Plan prior to July 1, 2011, vest at 6 years of creditable service and employees enrolled in the Plan on or after July 1, 2011, vest at 8 years of creditable service. All vested members, enrolled prior to July 1, 2011, are eligible for normal retirement benefits at age 62 or at any age after 30 years of service. All members enrolled in the Plan on or after July 1, 2011, once vested, are eligible for normal retirement benefits at age 65 or any time after 33 years of creditable service. Employees enrolled in the Plan may include up to 4 years of credit for military service toward creditable service. The Plan also includes an early retirement provision; however, there is a benefit reduction for each year a member retires before his or her normal retirement date. The Plan provides retirement, disability, death benefits, and annual cost-of-living adjustments to eligible participants.

DROP, subject to provisions of Section 121.091, Florida Statutes, permits employees eligible for normal retirement under the Plan to defer receipt of monthly benefit payments while continuing employment with an FRS participating employer. An employee may participate in DROP for a period not to exceed 60 months after electing to participate, except that certain instructional personnel may participate for up to 96 months. During the period of DROP participation, deferred monthly benefits are held in the FRS Trust Fund and accrue interest. The net pension liability does not include amounts for DROP participants, as these members are considered retired and are not accruing additional pension benefits.

Benefits Provided. Benefits under the Plan are computed on the basis of age and/or years of service, average final compensation, and service credit. Credit for each year of service is expressed as a percentage of the average final compensation. For members initially enrolled before July 1, 2011, the average final compensation is the average of the 5 highest fiscal years' earnings; for members initially enrolled on or after July 1, 2011, the average final compensation is the average of the 8 highest fiscal years' earnings. The total percentage value of the benefit received is determined by calculating the total value of all service, which is based on the retirement class to which the member belonged when the service credit was earned. Members are eligible for in-line-of-duty or regular disability and survivors' benefits. The following chart shows the percentage value for each year of service credit earned:

Class, Initial Enrollment, and Retirement Age/Years of Service	% Value
Regular Class members initially enrolled before July 1, 2011	
Retirement up to age 62 or up to 30 years of service	1.60
Retirement at age 63 or with 31 years of service	1.63
Retirement at age 64 or with 32 years of service	1.65
Retirement at age 65 or with 33 or more years of service	1.68
Regular Class members initially enrolled on or after July 1, 2011	
Retirement up to age 65 or up to 33 years of service	1.60
Retirement at age 66 or with 34 years of service	1.63
Retirement at age 67 or with 35 years of service	1.65
Retirement at age 68 or with 36 or more years of service	1.68
Elected County Officers	3.00
Senior Management Service Class	2.00

As provided in Section 121.101, Florida Statutes, if the member is initially enrolled in the FRS before July 1, 2011, and all service credit was accrued before July 1, 2011, the annual cost-of-living adjustment is 3 percent per year. If the member is initially enrolled before July 1, 2011, and has service credit on or after July 1, 2011, there is an individually calculated cost-of-living adjustment. The annual cost-of-living adjustment is a proportion of 3 percent determined by dividing the sum of the pre-July 2011 service credit by the total service credit at retirement multiplied by 3 percent. Plan members initially enrolled on or after July 1, 2011, will not have a cost-of-living adjustment after retirement.

*Contributions*. The Florida Legislature establishes contribution rates for participating employers and employees. Contribution rates during the 2019-20 fiscal year were as follows:

Class	Employee Contribution (Percent of Gross Salary)	Employer Contribution (Percent of Gross Salary)
FRS, Regular	3.00	8.47
FRS, Elected County Officers	3.00	48.82
FRS, Senior Management Service	3.00	25.41
Deferred Retirement Option Program		
(Applicable to member from all of the above classes)	0.00	14.60
FRS, Re-employed Retiree	(A)	(A)

<sup>(</sup>A) Contribution rates are dependent upon retirement class in which reemployed.

Note: Employer rates include the post-employment health insurance subsidy of 1.66 percent. Also, employer rates, other than for DROP participants, include 0.06 percent for administrative costs of the Investment Plan.

The District's contributions to the Plan totaled \$30,439,180 for the fiscal year ended June 30, 2020. This excludes the HIS defined benefit pension plan contributions.

Pension Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions. At June 30, 2020, the District reported a net pension liability of \$327,080,877 for its

proportionate share of the net pension liability. The net pension liability was measured as of June 30, 2019, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of July 1, 2019. The District's proportionate share of the net pension liability was based on the District's 2018-19 fiscal year contributions relative to the total 2018-19 fiscal year contributions of all participating members. At June 30, 2019, the District's proportion was 0.949750579 percent, which was a decrease of 0.034539202 from its proportion measured as of June 30, 2018.

For the year ended June 30, 2020, the District recognized the Plan pension expense of \$78,896,293. At June 30, 2020, the District reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

Description	Deferred Outflows of Resources				ferred Inflows f Resources
Differences between expected					
and actual experience	\$	19,400,102	\$	202,984

District contributions and proportionate share					
of contributions		5,011,326		9,329,757	
District contributions subsequent to the					
measurement date		30,439,180		-	
Total	\$	138,859,050	\$	27,628,562	

The deferred outflows of resources related to pensions, resulting from District contributions subsequent to the measurement date, totaling \$30,439,180, will be recognized as a reduction of the net pension liability in the fiscal year ended June 30, 2021. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to pensions will be recognized in pension expense as follows:

Fiscal Year Ending June 30	Amount
2021	\$ 29,648,301
2022	7,934,435
2023	21,923,279
2024	16,933,422
2025	3,698,656
Thereafter	653,215
Total	\$ 80,791,308

Actuarial Assumptions. The total pension liability in the July 1, 2019, actuarial valuation was determined using the following actuarial assumptions, applied to all periods included in the measurement:

Inflation	2.60 percent
Salary Increases	3.25 percent, average, including inflation
Investment rate of return	6.90 percent, net of pension plan investment
	expense, including inflation

Mortality rates were based on the PUB2010 base table varies by member category and sex, projected generationally with Scale MP-2018 details in valuation report.

The actuarial assumptions used in the July 1, 2019, valuation were based on the results of an actuarial experience study for the period July 1, 2013, through June 30, 2018. As a result of the 2018 actuarial experience study, the inflation rate assumption was unchanged at 2.60 percent, and the overall payroll growth rate assumption was unchanged at 3.25 percent. The long-term expected rate of return decreased from 7.00 percent to 6.90 percent.

The long-term expected rate of return on pension plan investments was not based on historical returns, but instead is based on a forward-looking capital market economic model. The allocation policy's description of each asset class was used to map the target allocation to the asset classes shown below. Each asset class assumption is based on a consistent set of underlying assumptions, and includes an adjustment for the inflation assumption. The target allocation and best estimates of arithmetic and geometric real rates of return for each major asset class are summarized in the following table:

Asset Class	Target _Allocation <sup>1</sup>	Annual Arithmetic Return	Compound Annual (Geometric) Return	Standard Deviation
Cash	1%	3.3%	3.3%	1.2%
Fixed Income	18%	4.1%	4.1%	3.5%
Global Equity	54%	8.0%	6.8%	16.5%
Real estate (Property)	10%	6.7%	6.1%	11.7%
Private Equity	11%	11.2%	8.4%	25.8%
Strategic Investments	6%	5.9%	5.7%	6.7%
Total	100%			
Assumed inflation - Mean			2.6%	1.7%

<sup>&</sup>lt;sup>1</sup> As outlined in the Plan's investment policy

Discount Rate. The discount rate used to measure the total pension liability was 6.90 percent, a decrease from the prior year of 7.00 percent. The projection of cash flows used to determine the discount rate assumed that employee contributions will be made at the current contribution rate and that contributions from participating members will be made at statutorily required rates, actuarially determined. Based on those assumptions, the plan's fiduciary net position was projected to be available to make all projected future benefit payments of current active and inactive employees. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liability.

Sensitivity of the District's Proportionate Share of the Net Pension Liability to Changes in the Discount Rate. The following presents the District's proportionate share of the net pension liability calculated using the discount rate of 6.90 percent, as well as what the District's proportionate share of the net pension liability would be if it were calculated using a discount rate that is 1-percentage-point lower (5.90 percent) or 1-percentage-point higher (7.90 percent) than the current rate:

	1%	Current	1%
	Decrease	Discount Rate	Increase
	5.90%	6.90%	7.90%
District's proportionate share of the net pension liability	\$ 565,413,918	\$ 327,080,877	\$ 128,032,473

*Pension Plan Fiduciary Net Position*. Detailed information about the Plan's fiduciary net position is available in the separately issued FRS Pension Plan and Other State Administered Systems Comprehensive Annual Financial Report.

Payables to the Pension Plan. At June 30, 2020, the District reported a payable of \$5,015,280 for the outstanding amount of contributions to the pension plan required for the fiscal year ended June 30, 2020.

#### **HIS Defined Benefit Pension Plan**

*Plan Description*. The HIS Pension Plan (HIS Plan) is a cost-sharing multiple-employer defined benefit pension plan established under Section 112.363, Florida Statutes, and may be amended by the Florida Legislature at any time. The benefit is a monthly payment to assist retirees of State-administered retirement system in paying their health insurance costs and is administered by the Florida Department of Management Services, Division of Retirement.

Benefits Provided. For the fiscal year ended June 30, 2020, eligible retirees and beneficiaries received a monthly HIS payment of \$5 for each year of creditable service completed at the time of retirement, with a minimum HIS payment of \$30 and a maximum HIS payment of \$150 per month, pursuant to Section 112.363, Florida Statutes. To be eligible to receive a HIS plan benefit, a retiree under a State-administered retirement system must provide proof of health insurance coverage, which may include Medicare.

Contributions. The HIS Plan is funded by required contributions from FRS participating employers as set by the Legislature. Employer contributions are a percentage of gross compensation for all active FRS members. For the fiscal year ended June 30, 2020, the contribution rate was 1.66 percent of payroll pursuant to Section 112.363, Florida Statutes. The District contributed 100 percent of its statutorily required contributions for the current and preceding three years. HIS Plan contributions are deposited in a separate trust fund from which payments are authorized. HIS Plan benefits are not guaranteed and are subject to annual legislative appropriation. In the event the legislative appropriation or available funds fail to provide full subsidy benefits to all participants, benefits may be reduced or canceled.

The District's contributions to the HIS Plan totaled \$8,053,907 for the fiscal year ended June 30, 2020.

Pension Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions. At June 30, 2020, the District reported a net pension liability of \$159,844,181 for its proportionate share of the HIS Plan's net pension liability. The current portion of the net pension liability is the District's proportionate share of benefit payments expected to be paid within 1 year, net of the District's proportionate share of the HIS Plan's fiduciary net position available to pay that amount. The net pension liability was measured as of June 30, 2019, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of July 1, 2018 and update procedures were used to determine the net

pension liability as of June 30, 2019. The District's proportionate share of the net pension liability was based on the District's 2018-19 fiscal year contributions relative to the total 2018-19 fiscal year contributions of all participating members. At June 30, 2019, the District's proportion was 1.428583350 percent, which was a decrease of 0.034928150 from its proportion measured as of June 30, 2018.

For the fiscal year ended June 30, 2020, the District recognized the HIS Plan pension expense of \$12,803,151. In addition, the District reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

Description	Deferred Outflows of Resources			
Differences between expected				
and actual experience	\$	1,941,486	\$	195,724
Change of assumptions		18,508,446		13,064,361
Net difference between projected and actual				
earnings on HIS pension plan investments		103,145		-
Changes in proportion and differences between District HIS contributions and proportionate				
share of contributions		4,655,749		3,138,641
District contributions subsequent to the				
measurement date		8,053,907		-
Total	\$	33,262,733	\$	16,398,726

The deferred outflows of resources relating to pensions, resulting from District contributions to the HIS Plan subsequent to the measurement date, totaling \$8,053,907, will be recognized as a reduction of the net pension liability in the fiscal year ended June 30, 2021. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to pensions will be recognized in pension expense as follows:

Fiscal Year Ending June 30	 Amount
2021	\$ 3,651,611
2022	3,043,014
2023	1,766,692
2024	(711,663)
2025	381,039
Thereafter	 679,407
Total	\$ 8,810,100

Actuarial Assumptions. The total pension liability in the July 1, 2018, actuarial valuation was determined using the following actuarial assumptions, applied to all periods included in the measurement:

Inflation	2.60 percent
Salary Increases	3.25 percent, average, including inflation
Municipal bond rate	3.50 percent

Mortality rates were based on the Generational RP-2000 with Projected Scale BB.

While an experience study had not been completed for the HIS Plan, the actuarial assumptions that determined the total pension liability for the HIS Plan were based on certain results of the most recent experience study for the FRS Plan.

Discount Rate. The discount rate used to measure the total pension liability was 3.50 percent. In general, the discount rate for calculating the total pension liability is equal to the single rate equivalent to discounting at the long-term expected rate of return for benefit payments prior to the projected depletion date. Because the HIS benefit is essentially funded on a pay-as-you-go basis, the depletion date is considered to be immediate, and the single equivalent discount rate is equal to the municipal bond rate selected by the plan sponsor. The Bond Buyer General Obligation 20-Bond Municipal Bond Index was adopted as the applicable municipal bond index. The discount rate used to determine the total pension liability decreased from 3.87 percent from the prior measurement date

Sensitivity of the District's Proportionate Share of the Net Pension Liability to Changes in the Discount Rate. The following presents the District's proportionate share of the net pension liability calculated using the discount rate of 3.50 percent, as well as what the District's proportionate share of the net pension liability would be if it were calculated using a discount rate that is 1-percentage-point lower (2.50 percent) or 1-percentage-point higher (4.50 percent) than the current rate:

	1%	Current	1%
	Decrease	Discount Rate	Increase
	2.50%	3.50%	4.50%
District's proportionate share of	<b>*</b> 400 4 <b>7</b> 0 007	<b>.</b>	<b>*</b> 440 000 400
the net pension liability	\$ 182,470,327	\$ 159,844,181	\$ 140,999,163

Pension Plan Fiduciary Net Position. Detailed information about the HIS Plan's fiduciary net position is available in the separately issued FRS Pension Plan and Other State Administered Systems Comprehensive Annual Financial Report.

Payables to the Pension Plan. At June 30, 2020, the District reported a payable of \$1,321,820 for the outstanding amount of contributions to the HIS Plan required for the fiscal year ended June 30, 2020.

#### NOTE 14: RETIREMENT PLANS – DEFINED CONTRIBUTION PENSION PLANS

The District contributes to the FRS Investment Plan (Investment Plan), a defined contribution pension plan, for its eligible employees electing to participate in the Investment Plan. The Investment Plan is administered by the SBA, and is reported in the SBA's annual financial statements and in the State of Florida Comprehensive Annual Financial Report.

As provided in Section 121.4501, Florida Statutes, eligible FRS members may elect to participate in the Investment Plan in lieu of the FRS defined benefit plan. District employees participating in DROP are not eligible to participate in the Investment Plan. Employer and employee contributions, including amounts contributed to individual member's accounts, are defined by law, but the ultimate benefit depends in part on the performance of

investment funds. Retirement benefits are based upon the value of the member's account upon retirement. Benefit terms, including contribution requirements, for the Investment Plan are established and may be amended by the Florida Legislature. The Investment Plan is funded with the same employer and employee contribution rates that are based on salary and membership class (Regular, Elected County Officers, etc.), as the FRS defined benefit plan. Contributions are directed to individual member accounts, and the individual members allocate contributions and account balances among various approved investment choices. Costs of administering the Investment Plan, including the FRS Financial Guidance Program, are funded through an employer contribution of 0.06 percent of payroll and by forfeited benefits of Investment Plan members. Allocations to the investment member's accounts during the 2019-20 fiscal year were as follows:

Class	Employer Contribution (Percent of Gross Salary)
FRS, Regular	6.30
FRS, Elected County Officers	11.34
FRS, Senior Management Service	7.67

For all membership classes, employees are immediately vested in their own contributions and are vested after one year of service for employer contributions and investment earnings regardless of membership class. If an accumulated benefit obligation for service credit originally earned under the FRS Pension Plan is transferred to the Investment Plan, the member must have the years of service required for FRS Pension Plan vesting (including the service credit represented by the transferred funds) to be vested for these funds and the earnings on the funds. Nonvested employer contributions are placed in a suspense account for up to five years. If the employee returns to FRS-covered employment within the five year period, the employee will regain control over their account. If the employee does not return within the five year period, the employee will forfeit the accumulated account balance. For the fiscal year ended June 30, 2020, the information for the amount of forfeitures was unavailable from the SBA; however, management believes that these amounts, if any, would be immaterial to the District.

After termination and applying to receive benefits, the member may rollover vested funds to another qualified plan, structure a periodic payment under the Investment Plan, receive a lump-sum distribution, leave the funds invested for future distribution, or any combination of these options. Disability coverage is provided; the member may either transfer the account balance to the FRS Pension Plan when approved for disability retirement to receive guaranteed lifetime monthly benefits under the FRS Pension Plan, or remain in the Investment Plan and rely upon that account balance for retirement income.

The District's Investment Plan pension expense totaled \$3,699,692 for the fiscal year ended June 30, 2020.

Payables to the Investment Plan. At June 30, 2020, the District reported a payable of \$653,556 for the outstanding amount of contributions to the Investment Plan required for the fiscal year ended June 30, 2020.

The aggregate amount of net pension liabilities, related deferred outflows of resources and deferred inflows of resources and pension expense for the District's defined benefit pension plans are summarized below:

	Net		Deferred		Deferred		
Defined Benefit	Pension	C	Outflows of	I	nflows of		Total
Pension Plans	Liability	oility Resources		Resources		Expense	
FRS	\$ 327,080,877	\$	138,859,050	\$	27,628,562	\$	78,896,293
HIS	159,844,181		33,262,733		16,398,726		12,803,151
Total	\$ 486,925,058	\$	172,121,783	\$	44,027,288	\$	91,699,444

#### NOTE 15: EARLY RETIREMENT INCENTIVE PROGRAM

As authorized by Section 1012.685, Part VII, Florida Statutes, the Board implemented Early Retirement Plans (Plans) effective July 1, 1995, July 1, 1997, and July 1, 1999. The plans were offered to eligible employees on a one-time basis until May 15, 1995, May 15, 1997, and May 15, 1999, respectively. The purpose of the Plans was to provide eligible employees, who elect to retire under the retirement provisions of the FRS described in Note 12, with one of several incentive options which supplement the employee's (participant's) retirement benefits. A summary of the plan eligibility, benefits, and contribution obligations for the 1995 Plan follows. There is no remaining liability reported by the District for the 1997 and 1999 plans as of June 30, 2020.

### **Eligibility**

Participants must be 57 years of age with a minimum of five years of service with the District or 62 years of age with at least ten years of FRS service and a minimum of five years of service with the District or any age with at least thirty years of FRS service and a minimum of five years of service with the District.

### Benefits

Incentive option one includes a bonus equal to twenty—five percent of the employee's final annual salary, a health insurance contribution by the District for eight continuous years, and a life insurance benefit of \$10,000.

Incentive option two includes lifetime monthly payments for five years to offset the FRS early retirement penalty of five percent per year when an employee retires prior to age 62 with less than thirty years FRS service and a life insurance benefit of \$10,000.

Incentive option three includes monthly payments for five years to offset the FRS early retirement penalty of five percent per year when an employee retires prior to age 62 with less than thirty years FRS service, a health insurance contribution by the District for eight continuous years, and a life insurance benefit of \$10,000.

The amount of the bonuses (if applicable) and accumulated leave pay are paid in five annual installments into an Internal Revenue Code 457F deferred compensation plan and directed into an investment fund selected by the participant. Alternatively, the participant may elect to receive twenty-five percent of the annual installments directly with the balance going into the deferred compensation plan.

#### **Contributions**

No contributions shall be required or permitted from any participant. The annual amounts contributed by the District are the actual amounts payable to participants or on their behalf for contributions to the 457F deferred compensation plan, retirement benefits, and premiums for health and life insurance coverage.

The District reported a liability in its Statement of Net Position of \$1,188,000 to recognize the present value of its obligation to pay death benefits to, or on behalf of, those retired employees. The Board has purchased life insurance on the participants, with itself as the beneficiary, to recover costs of the 1995 Plan over time.

The District has retained an administrator to handle the receipt of contributions and the disbursements of benefits to Plan participants.

#### NOTE 16: OTHER POSTEMPLOYMENT BENEFITS

Other Postemployment Benefits Payable. The District follows GASB Statement No. 75, Accounting and Financial Reporting by Employers for Postemployment Benefits Other Than Pensions, for certain other postemployment benefits administered by the District and life insurance benefits through purchased commercial insurance.

General Information about the OPEB Plan

Plan Description. The Other Postemployment Benefits Plan (OPEB Plan) is a single-employer defined benefit plan administered by the District. Pursuant to the provisions of Section 112.0801, Florida Statutes, former employees who retire from the District are eligible to participate in the District's health plan for medical and prescription. The District subsidizes the premium rates paid by retirees by allowing them to participate in the OPEB Plan at reduced or blended group (implicitly subsidized) premium rates for both active and retired employees. These rates provide an implicit subsidy for retirees because, on an actuarial basis, their current and future claims are expected to result in higher costs to the OPEB Plan on average than those of active employees. The District does not offer any explicit subsidies for retiree coverage. Retirees are required to enroll in the Federal Medicare (Medicare) program for their primary coverage as soon as they are eligible. The OPEB Plan contribution requirements and benefit terms of the District and the OPEB Plan members are established and may be amended by action from the Board. No assets are accumulated in a trust that meets the criteria in paragraph 4 of GASB Statement No. 75.

Benefits Provided. The OPEB Plan provides healthcare benefits for retirees and their dependents. The OPEB Plan only provides an implicit subsidy as described above.

Employees Covered by Benefit Terms. At June 30, 2019, the following employees were covered by the benefit terms:

Inactive Employees or Beneficiaries Currently Receiving Benefits	1,827
Inactive Employees Entitled to But Not Yet Receiving Benefits	-
Active Employees	10,389
Total	12,216

### Total OPEB Liability

The District's total OPEB liability of \$50,552,528 was measured as of June 30, 2019 and was determined by an actuarial valuation as of that date.

Actuarial Assumptions and Other Inputs. The total OPEB liability in the June 30, 2019, actuarial valuation was determined using the following actuarial assumptions and other inputs, applied to all periods included in the measurement, unless otherwise specified:

Inflation	2.25 percent
Salary increases	3.6-8.0 percent, average, including inflation
Discount rate	3.13 percent
Healthcare cost trend rates	6.5 percent for 2019, decreasing .25 percent per year to an ultimate rate of 3.99 percent for 2045 and later years
Retirees' share of benefit- related costs	100 percent of projected health insurance premiums for retirees

The discount rate was based on the Fidelity 20 year Municipal General Obligation Bond Index.

Mortality rates were based on the Generational MP-2018 with Projected Scale.

The demographic actuarial assumptions for retirement, disability incidence, and withdrawal used in the June 30, 2019, valuation were based on the results of an actuarial experience study for the period January 1, 2013, through December 31, 2018, adopted by the FRS.

Changes in the Total OPEB Liability

	Amount
Balance at 6/30/19	\$ 51,497,584
Changes for the year:	
Service Cost	2,323,472
Interest	1,857,397
Differences Between Expected and Actual Experience	1,473,558
Changes in Assumptions or Other Inputs	(1,575,972)
Benefit Payments	 (5,023,511)
Net Changes	 (945,056)
Balance at 6/30/20	\$ 50,552,528

There were no changes of benefit terms during the year.

Changes in assumptions. The discount rate was changed from 3.62 percent in 2018 to 3.13 percent in 2019. This has an increasing impact on the results of this valuation. The medical claims costs and premiums were updated based on actual claims experience and premium information provided for the valuation. This has an increasing impact on the results of this valuation. The healthcare cost trend assumption was revised to reflect a lower long-term inflation assumption change from 2.5 percent to 2.25 percent. This change had a decreasing impact on the results of this valuation. The assumed load to model the expected cost of the excise tax, was increased from .40 percent beginning in 2025 to .43 percent beginning in 2027. This change had a modest increasing impact on the results of this valuation. Changes in demographic assumptions developed in a statewide experience study

conducted by the Florida Retirement System covering the period 2013 through 2018 and adopted for its July 1, 2019 valuation. These demographic changes had a decreasing impact on the results of this valuation.

Sensitivity of the Total OPEB Liability to Changes in the Discount Rate. The following table presents the total OPEB liability of the District, as well as what the District's total OPEB liability would be if it were calculated using a discount rate that is 1 percentage point lower (2.13 percent) or 1 percentage point higher (4.13 percent) than the current rate:

	1%	Current	1%
	Decrease	Discount Rate	Increase
	(2.13%)	(3.13%)	(4.13%)
Total OPEB liability	\$56,940,268	\$50,552,528	\$45,159,691

Sensitivity of the Total OPEB Liability to Changes in the Healthcare Cost Trend Rates. The following table presents the total OPEB liability of the District, as well as what the District's total OPEB liability would be if it were calculated using healthcare cost trend rates that are 1 percentage point lower (5.50 percent decreasing to 2.99 percent) or 1 percentage point higher (7.50 percent decreasing 4.99 percent) than the current healthcare cost trend rates:

		Healthcare	
	1% Decrease	Cost Trend	1% Increase
	<u>(5.50%</u>	Rates <u>(6.50%</u>	<u>(7.50%</u>
	decreasing	decreasing	decreasing
	<u>to 2.99%)</u>	to 3.99%)	to 4.99%)
Total OPEB liability	\$44.944.641	\$50,552,528	\$57.691.667

OPEB Expense and Deferred Outflows of Resources and Deferred Inflows of Resources Related to OPEB

For the fiscal year ended June 30, 2020, the District recognized OPEB expense of \$3,745,471. At June 30, 2019, the District reported deferred outflows of resources and deferred inflows of resources related to OPEB from the following sources

Description	 red Outflows Resources	Deferred Inflows of Resources		
Differences between expected and actual experience Change of assumptions or other inputs Transactions subsequent to the	\$ 1,326,202	\$	- 4,430,355	
measurement date	 4,968,847			
Total	\$ 6,295,049	\$	4,430,355	

Of the total amount reported as deferred outflows of resources related to OPEB, \$4,968,847 resulting from transactions subsequent to the measurement date and before the end of the fiscal year will be included as a

reduction of the total OPEB liability in the year ended June 30, 2021. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to OPEB will be recognized in OPEB expense as follows:

Fiscal Year Ending June 30		Amount		
0004	Φ.	(405,000)		
2021	\$	(435,398)		
2022		(435,398)		
2023		(435,398)		
2024		(435,398)		
2025		(435,398)		
Thereafter		(927, 163)		
Total	\$ (	(3,104,153)		

#### NOTE 17: VESTED INTERESTS IN UTILITY COOPERATIVES

The District has purchased electricity since 1969 from the Lee County Electric Cooperative, Inc. The District's estimated vested interest in this Cooperative is \$7,654,073 at December 31, 2019, which is recorded as a capital credit receivable on the statement of net position. Such interest, also referred to as capital credits, would be payable to the District over a thirty-year period should the District terminate its business relationship with the Cooperative. During the fiscal year, the District recorded the earned capital credits as other local sources revenue in the government-wide statement and recorded general revenues on the governmental fund statements as the District received capital credits. The District would receive capital credits from Bonita Springs Water System, Inc. or Greater Pine Island Water Association, Inc. only in the unlikely event that they were to permanently cease operations. During the fiscal year, the District did not record any general revenue for capital credits earned from Bonita Springs Water System, Inc. or Greater Pine Island Water Association, Inc.

#### **NOTE 18: RISK MANAGEMENT PROGRAMS**

The District is exposed to various risks of loss related to torts; theft of, damage to, and destruction of assets; errors and omissions; injuries to employees; and natural disasters. Property, workers' compensation, automobile liability, and general liability coverage are self-insured up to specified limits. The District purchases policies with various insurance companies to provide coverage in excess of claims amounts above the stated self-insured retention deductible on any individual/aggregate claim. The District has contracted with a third-party administrator to administer the property/casualty program, including the processing, investigation, and payment of claims.

The District provides health coverage through a self-insurance program administered by an outside provider. The District reports the self-insurance programs in the Internal Service Funds. Amounts are transferred from various funds to the Internal Service Funds to provide sufficient resources to cover claims incurred, and to pay the insurance services agent's administrative fees.

There have been no significant reductions in insurance coverage. Settled claims resulting from risks described above have not exceeded commercial insurance coverage for the past three fiscal years.

A liability in the amount of \$18,244,272 was actuarially determined to cover outstanding claims and estimated incurred but not reported insurance claims payable for the Self-Insurance-Casualty, Liability and Workers' Compensation Fund, at June 30, 2020. A liability in the amount of \$8,556,993 was actuarially determined to cover outstanding claims and estimated incurred but not reported insurance claims payable for the Self-Insurance-Health Insurance Fund, at June 30, 2020.

The following schedule represents the change in claims liability for the past two fiscal years for the District's self-insurance programs:

#### Casualty, Liability, Workers' Compensation Self Insurance Fund:

		Current-Year		
	Beginning of	Claims and		Balance at
	Fiscal Year	Changes in	Claims	Fiscal
	Liability	Estimates	Payments	Year End
2018-2019	\$ 15,650,446	\$ 8,663,958	\$ (7,105,422)	\$ 17,208,982
2019-2020	17,208,982	7,336,155	(6,300,865)	18,244,272

#### **Health Insurance Self Insurance Fund:**

			(	Current-Year			
	Be	ginning of		Claims and		I	Balance at
	F	is cal Year	(	Changes in	Claims		Fiscal
		Liability		Estimates	Payments		Year End
2018-2019	\$	8,219,886	\$	86,801,406	\$ (86,888,294)	\$	8,132,998
2019-2020		8,132,998		86,240,751	(85,816,756)		8,556,993

#### **NOTE 19: LITIGATION**

The District is contingently liable with respect to lawsuits and other claims that arise in the ordinary course of its operation. Management believes that any liability arising from such claims would be immaterial to the financial statements.

#### **NOTE 20: SUBSEQUENT EVENTS**

On October 23, 2020, the District issued Tax Anticipation Notes ("TANS"), Series 2020 for \$40,000,000. Note proceeds are to be used to pay fiscal year 2021 District operating expenditures prior to the receipt of ad-valorem taxes. The notes will be repaid in March 2021.

### THE SCHOOL DISTRICT OF LEE COUNTY, FLORIDA NOTES TO THE REQUIRED SUPPLEMENTARY INFORMATION June 30, 2020

### NOTE 1: SCHEDULE OF CHANGES IN THE DISTRICT'S TOTAL OTHER POSTEMPLOYMENT BENEFITS LIABILITY AND RELATED RATIOS

No assets are accumulated in a trust that meets the criteria in paragraph 4 of GASB Statement No. 75 to pay related benefits. The June 30, 2020, total OPEB liability decreased from the prior fiscal year as a result of changes to benefits and assumptions as discussed below:

Changes of Benefit Terms. There were no benefit changes during the year.

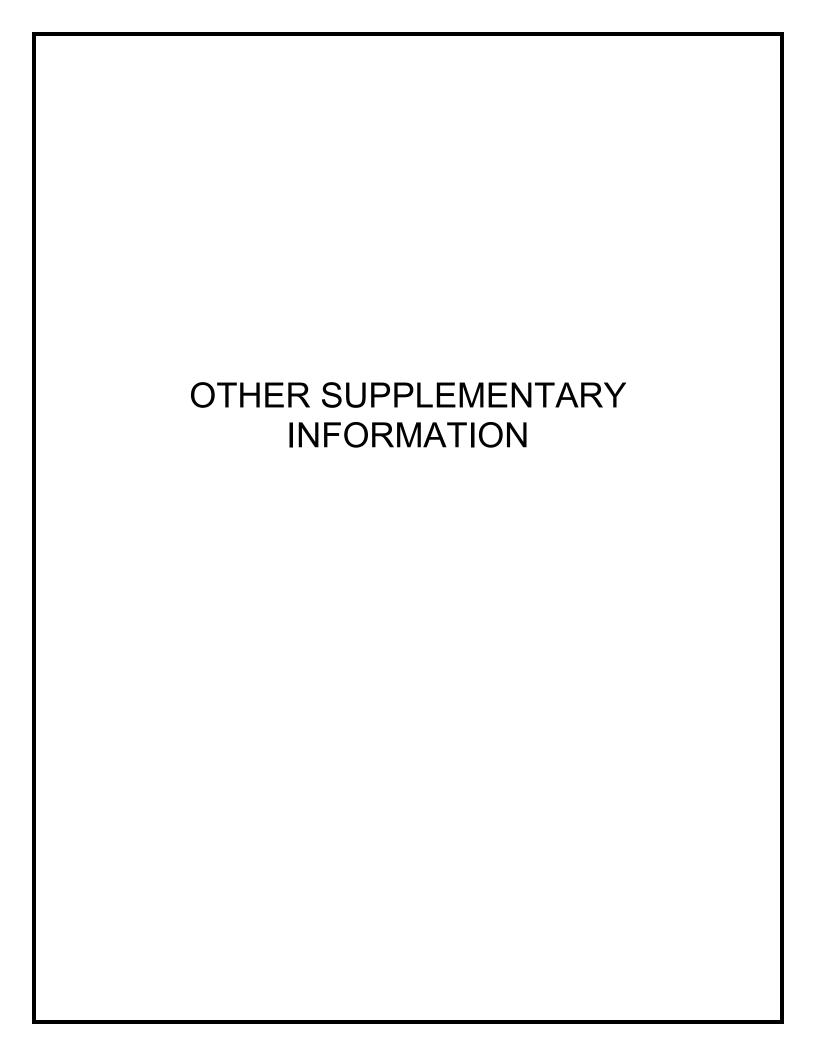

Changes of Assumptions. The discount rate was changed from 3.62 percent as of the beginning of the measurement period to 3.13 percent as of June 30, 2019 (based on the Long-tern Municipal Bond rate). The medical claims costs and premiums were updated based on actual claims experience and premium information provided for the valuation. The healthcare cost trend assumption was revised to reflect a lower long-term inflation assumption change from 2.5 percent to 2.25 percent. The assumed load to model the expected cost of the excise tax, was increased from .40 percent beginning in 2025 to .43 percent beginning in 2027. Changes in demographic assumptions developed in a statewide experience study conducted by the Florida Retirement System covering the period 2013 through 2018 and adopted for its July 1, 2019 valuation. These changes decreased the Total OPEB Liability.

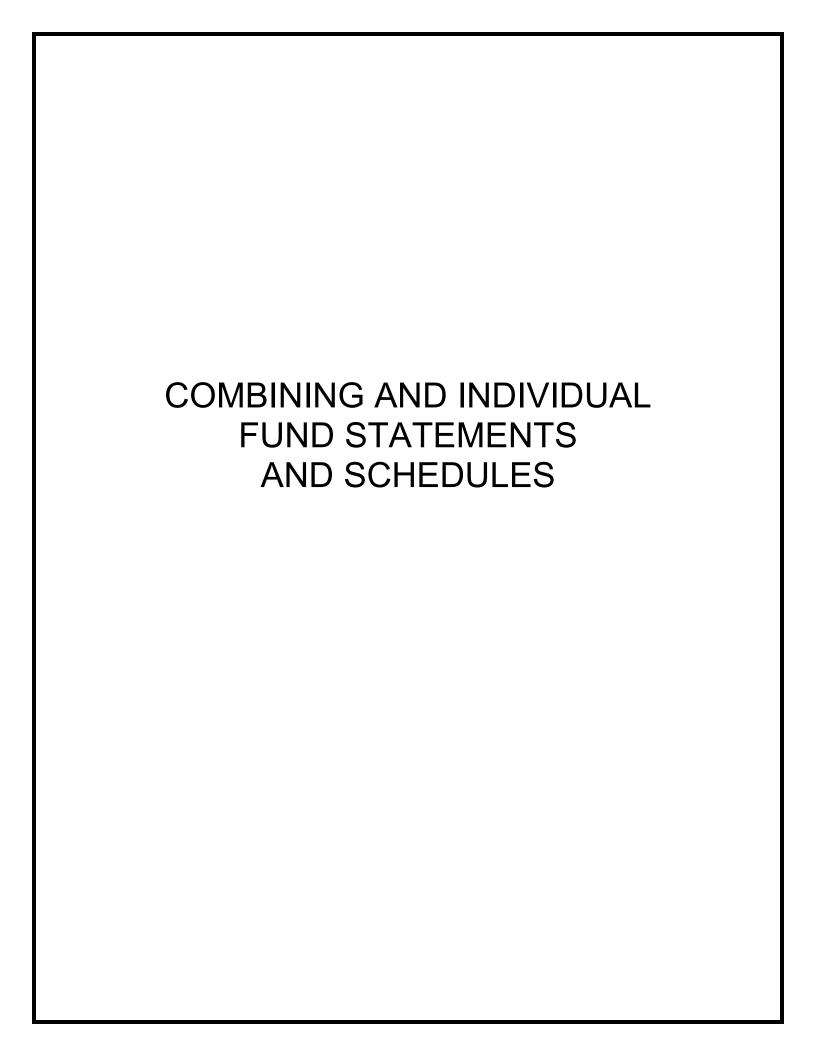

### NOTE 2: SCHEDULE OF NET PENSION LIABILITY AND SCHEDULE OF CONTRIBUTIONS – FLORIDA RETIREMENT SYSTEM PENSION PLAN

Changes of Assumptions. The long-term expected rate of return was decreased from 7.0 percent to 6.9 percent, and the active member mortality assumption was updated.

### NOTE 3: SCHEDULE OF NET PENSION LIABILITY AND SCHEDULE OF CONTRIBUTIONS – HEALTH INSURANCE SUBSIDY PENSION PLAN

Changes of Assumptions. The municipal bond rate used to determine total pension liability decreased from 3.87 percent to 3.50 percent.

#### NONMAJOR GOVERNMENTAL FUNDS

#### **Special Revenue Funds**

Two special revenue funds account for certain revenues derived from the State of Florida, the Federal Government, and other local and private sources which are required to finance restricted activities. Activities included within these funds are as follows:

**Contracted Programs Fund**: To account for and report on activities of various programs of different funding sources according to the specifications and requirements of each funding source.

**Food Service Fund**: To account for and report on activities of the Food Service Program in serving breakfast and lunch at the schools.

#### **Debt Service Fund**

One debt service fund is used to account for the payment of interest and principal of the current portion on long-term debt.

**State Board of Education Bonds Fund (SBE/COBI)**: To account for and report on payment of principal, interest, and related costs on the State School Bonds issued by the State Board of Education on behalf of the District. These bonds are payable from the District's portion of the State-assessed Motor Vehicles License Tax.

(continued)

This page intentionally left blank.

#### **NONMAJOR GOVERNMENTAL FUNDS (continued)**

#### **Capital Projects Fund**

One capital projects fund is used to account for the financing and acquisition or construction of major capital facilities, such as new school buildings or additions to existing buildings, or for major renovation projects. Specific funding sources are:

**Capital Outlay and Debt Service Fund**: To account for and report on the excess dollars from the debt service funds, used for construction and maintenance of schools.

#### **Internal Service Funds**

Internal service funds are used to account for the financing of goods or services provided by one department to other departments within the District on a cost reimbursement basis. The following funds are included in the Internal Service Funds:

**Health**: To account for and report on funds received for and used to pay for medical benefits issued under the District's self-insured health program.

Other (Casualty, Liability, and Workers' Compensation): To account for and report on funds received for and used by the District's self-insured property, casualty, liability, and workers' compensation program.

#### STATISTICAL SECTION

This part of the School District of Lee County, Florida's comprehensive annual financial report presents detail information as a context for understanding what the information in the financial statements, notes disclosures and required supplementary information says about the School District's overall financial health.

#### Contents

#### Financial Trends

These schedules contain trend information to help the reader understand how the District's financial performance and well-being have changed over time.

#### Revenue Capacity

These schedules contain information to help the reader assess the District's most significant local revenues sources, the property tax.

#### **Debt Capacity**

These schedules present information to help the reader assess the affordability of the District's current levels of outstanding debt and the government's ability to issue additional debt in the future.

#### Demographic and Economic Information

These schedules offer demographic and economic indicators to help the reader understand the environment within which the District's financial activities take place.

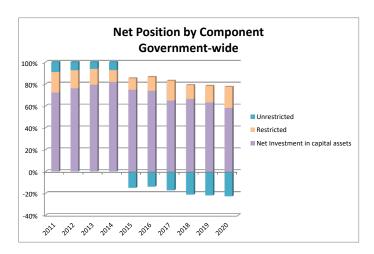

#### Operating Information

These schedules contain service data to help the reader understand how the information in the District's financial report relates to the services the District provides and the activities it performs.

Note:

Property Taxes become due and payable on November 1st of each year. A four percent (4%) discount is allowed if taxes are paid in November, with the discounts declining by one percent (1%) each month thereafter. Accordingly, taxes collected will never be 100% of the tax levy. Taxes become delinquent on April 1st of each year and tax certificates for the full amount of any unpaid taxes and assessments must be sold not later than June 1st of each year.

Note: Year of construction is shown in parentheses. Increases in square footage and capacity are the result of renovations and additions.

<sup>&</sup>lt;sup>a</sup> New administrative complex was purchased in 2005 but was originally built in 1986.

b Michigan Montessori (K-8) was moved to Lee Middle and renamed James Stephens Int'l Academy beginning 2010. School was changed from K-8 school to Elementary school beginning 2017.

c Lee County Public Service Academy was housed at Ft. Myers Institute of Technology prior to 2011, then moved to the old Michigan Montessori facility in 2011.

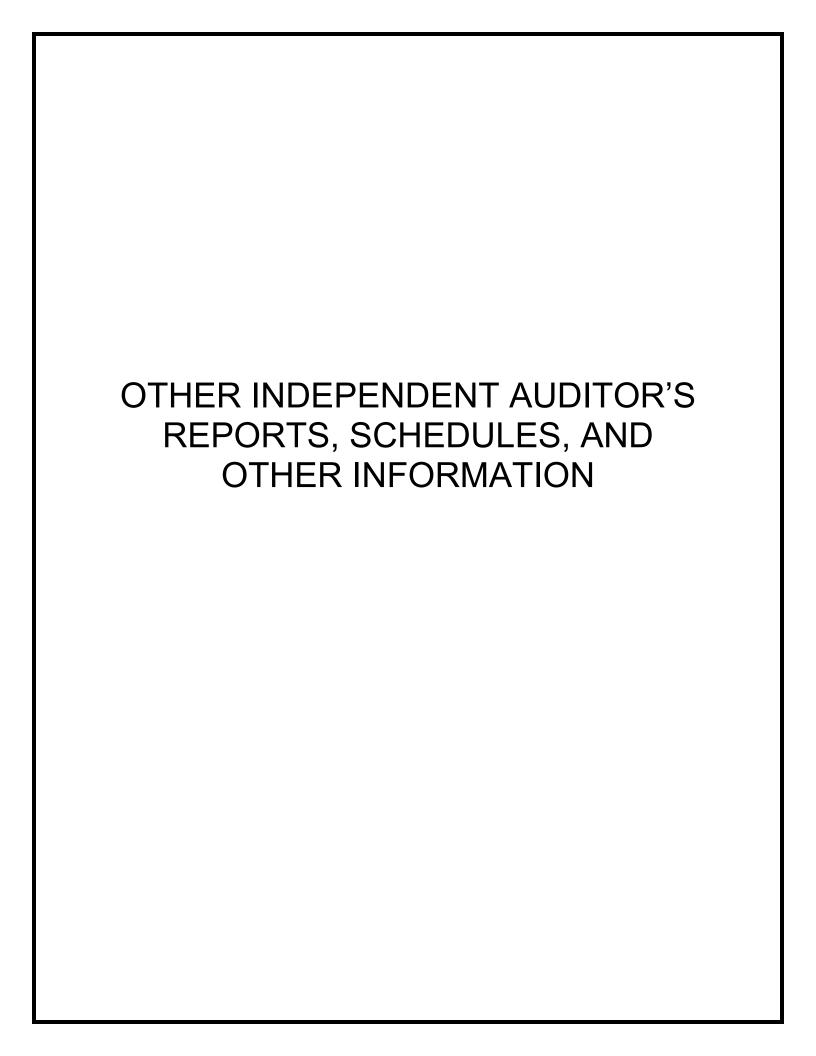

<sup>&</sup>lt;sup>d</sup> Students reported under home high school beginning 2013.

<sup>&</sup>lt;sup>e</sup> Lee County High Tech Central was renamed Ft. Myers Institute of Technology during 2014 and renamed Fort Myers Technical College during 2015. North Vo-Tech was renamed Cape Coral Institute of Technology during 2014 and renamed Cape Coral Technical College during 2015.

<sup>&</sup>lt;sup>f</sup>Building was sold July 2013.

<sup>&</sup>lt;sup>9</sup> Alva Middle was combined with Alva Elementary and renamed Alva School K-8 beginning 2015.

<sup>&</sup>lt;sup>h</sup> ALC West was closed at the end of 2016.

# AUDITOR GENERAL STATE OF FLORIDA

Claude Denson Pepper Building, Suite G74 111 West Madison Street Tallahassee, Florida 32399-1450

Phone: (850) 412-2722 Fax: (850) 488-6975

The President of the Senate, the Speaker of the House of Representatives, and the Legislative Auditing Committee

# INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the governmental activities, the aggregate discretely presented component units, each major fund, and the aggregate remaining fund information of the Lee County District School Board as of and for the fiscal year ended June 30, 2020, and the related notes to the financial statements, which collectively comprise the District's basic financial statements, and have issued our report thereon dated December 9, 2020, included under the heading INDEPENDENT AUDITOR'S REPORT. Our report includes a reference to other auditors who audited the financial statements of the aggregate discretely presented component units, as described in our report on the District's financial statements. This report does not include the results of the other auditors' testing of internal control over financial reporting or compliance and other matters that are reported on separately by those auditors.

### **Internal Control Over Financial Reporting**

In planning and performing our audit of the financial statements, we considered the District's internal control over financial reporting (internal control) as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the District's internal control. Accordingly, we do not express an opinion on the effectiveness of the District's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control such that there is a reasonable possibility that a material

misstatement of the District's financial statements will not be prevented, or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

## **Compliance and Other Matters**

As part of obtaining reasonable assurance about whether the District's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, rules, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the financial statements. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

## **Purpose of this Report**

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the District's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the District's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

Respectfully submitted,

Sherrill F. Norman, CPA

## INDEPENDENT AUDITOR'S REPORT ON COMPLIANCE FOR EACH MAJOR FEDERAL PROGRAM AND REPORT ON INTERNAL CONTROL OVER COMPLIANCE REQUIRED BY THE UNIFORM GUIDANCE

### Report on Compliance for Each Major Federal Program

We have audited the Lee County District School Board's compliance with the types of compliance requirements described in the *OMB Compliance Supplement* that could have a direct and material effect on each of the District's major Federal programs for the fiscal year ended June 30, 2020. The District's major Federal programs are identified in **SECTION I – SUMMARY OF AUDITOR'S RESULTS** of the accompanying **SCHEDULE OF FINDINGS AND QUESTIONED COSTS**.

### Management's Responsibility

Management is responsible for compliance with Federal statutes, regulations, and the terms and conditions of its Federal awards applicable to its Federal programs.

### Auditor's Responsibility

Our responsibility is to express an opinion on compliance for each of the District's major Federal programs based on our audit of the types of compliance requirements referred to above. We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and the audit requirements of Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Those standards and the Uniform Guidance require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major Federal program occurred. An audit includes examining, on a test basis, evidence about the District's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances.

We believe that our audit provides a reasonable basis for our opinion on compliance for each major Federal program. However, our audit does not provide a legal determination of the District's compliance.

## Opinion on Each Major Federal Program

In our opinion, the District complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on each of its major Federal programs for the fiscal year ended June 30, 2020.

### **Report on Internal Control Over Compliance**

District management is responsible for establishing and maintaining effective internal control over compliance with the types of compliance requirements referred to above. In planning and performing our audit of compliance, we considered the District's internal control over compliance with the types of requirements that could have a direct and material effect on each major Federal program to determine the auditing procedures that are appropriate in the circumstances for the purpose of expressing an opinion on compliance for each major Federal program and to test and report on internal control over compliance in accordance with the Uniform Guidance, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of the District's internal control over compliance.

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a Federal program on a timely basis. A material weakness in internal control over compliance is a deficiency, or a combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a Federal program will not be prevented, or detected and corrected, on a timely basis. A significant deficiency in internal control over compliance is a deficiency, or a combination of deficiencies, in internal control over compliance requirement of a Federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance. Accordingly, this report is not suitable for any other purpose.

Respectfully submitted,

Sherrill F. Norman, CPA Tallahassee, Florida

- (1) Basis of Presentation. The accompanying Schedule of Expenditures of Federal Awards (Schedule) includes the Federal award activity of the Lee County District School Board under programs of the Federal government for the fiscal year ended June 30, 2020. The information in this Schedule is presented in accordance with the requirements of Title 2 U.S. Code of Federal Regulations Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards (Uniform Guidance). Because the Schedule presents only a selected portion of the operations of the District, it is not intended to and does not present the financial position, changes in net position, or cash flows of the District.
- (2) Summary of Significant Accounting Policies. Expenditures reported on the Schedule are reported on the modified accrual basis of accounting. Such expenditures are recognized following the cost principles contained in the Uniform Guidance, wherein certain types of expenditures are not allowable or are limited as to reimbursement.
- (3) Indirect Cost Rate. The District has not elected to use the 10 percent de minimis cost rate allowed under the Uniform Guidance.
- (4) Noncash Assistance:
  - a. National School Lunch Program includes \$2,458,081 of donated food received during the fiscal year. Donated foods are valued at fair value as determined at the time of donation.
- b. Child and Adult Care Food Program includes \$80,620 of donated food received during the fiscal year. Donated foods are valued at fair value as determined at the time of donation.

  (5) Impact Aid. Expenditures are related to grant number/program 19-FL-2018-2902.
- (6) Hurricane Education Recovery. The District incurred \$2,042,484 in expenditures for the Hurricane Education Recovery grant in the 2017-
- (7) Head Start. Expenditures include \$284,614 for grant number/program year 04CH4749/05 \$116,413 for grant number/program year 04HP0015/05, \$7,326,841 for grant number/program year 04CH4749/06, and \$677,339 for grant number/program year 04HP00029301.
- (8) <u>Disaster Grants Public Assistance (Presidentially Declared Disasters)</u>. Expenditures that are being reported include amounts that were expended in the 2017-18 fiscal year.

## SCHEDULE OF FINDINGS AND QUESTIONED COSTS

## SECTION I – SUMMARY OF AUDITOR'S RESULTS

## Financial Statements

Type of auditor's report issued on whether the financial statements audited were prepared in accordance with

GAAP: Unmodified

Internal control over financial reporting:

Material weakness(es) identified?

Significant deficiency(ies) identified?

None reported

Noncompliance material to financial statements noted? No

Federal Awards

Internal control over major Federal programs:

Material weakness(es) identified?

Significant deficiency(ies) identified?

None reported

Type of auditor's report issued on compliance for major

Federal programs: Unmodified

Any audit findings disclosed that are required to be

reported in accordance with 2 CFR 200.516(a)?

Identification of major Federal programs:

CFDA Numbers: Name of Federal Program or Cluster:

10.553, 10.555, and 10.559 Child Nutrition Cluster

97.036 Disaster Grants – Public Assistance (Presidentially Declared Disasters)

Dollar threshold used to distinguish between

type A and type B programs: \$3,000,000

Auditee qualified as low risk auditee? Yes

## SECTION II - FINANCIAL STATEMENT FINDINGS

No matters are reported.

## SECTION III – FEDERAL AWARD FINDINGS AND QUESTIONED COSTS

No matters are reported.

## **PRIOR AUDIT FOLLOW-UP**

The District had taken corrective actions for the Federal award audit finding included in the prior audit report.
