- (h) The Digital Classroom Allocation is provided pursuant to s. 1011.62(12), F.S.
- (i) The Federally Connected Student Supplement provides additional funding for students on federal lands that receive Section 8003

**(j.) 80 percent of each district’s Teacher Salary Increase Allocation, pursuant to section 1011.62, F.S., is for school districts and charter schools to provide a minimum base salary of \$47,500 or the maximum amount achievable for full-time classroom teachers as defined in s. 1012.01(2)(a), F.S., including pre-kindergarten teachers funded through the FEFP but not including substitute teachers. The remaining 20 percent of the allocation, plus any remaining funds from the district's share of the 80 percent allocation, shall be used by the school districts as specified in s. 1011.62, F.S., to provide salary increases to full-time classroom teachers that did not receive an increase, full-time classroom teachers who received an increase of less than 2 percent, or other instructional personnel.**

**This allocation will be re-calculated in the 2021-22 FEFP Second Calculation and will not be recalculated throughout the year. Charter schools should contact their sponsoring school district to determine the school's allocation amount.**

*Administrative fees charged by the school district pursuant to s. 1002.33(20)(a), F.S., shall be calculated based upon 5% of available funds from the FEFP and categorical funding for which charter students may be eligible. For charter schools with a population of 251 or more students the difference in the fee calculation and the fee withheld may only be used for capital outlay purposes specified in s. 1013.62(2), F.S. To calculate the administrative fee to be withheld for schools with more than 250 students, divide the school population into 250. Multiply that fraction times the funds available, then times 5%.*

*For high performing charter schools, administrative fees charged by the school district shall be calculated based upon 2% of available funds from the FEFP and categorical funding for which charter students may be eligible. For charter schools with a population of 251 or more students the difference in the fee calculation and the fee withheld may only be used for capital outlay purposes specified in s. 1013.62(2), F.S. To calculate the administrative fee to be withheld for schools with more than 250 students, divide the school population into 250. Multiply that fraction times the funds available, then times 2%.*

**Other:**

*FEFP and categorical funding are recalculated during the year to reflect the revised number of full-time equivalent students reported during the survey periods designated by the Commissioner of Education.*

*Revenues flow to districts from state sources and from county tax collectors on various distribution schedules.*
