Support Services

The School Board of Lee County shall establish high standards for its financial and support services operations to continually improve student learning, including:

- (1) Compliance with applicable federal and State laws, rules, codes, and regulations concerning school district business operations.
- (2) Commitment to continuous, system-wide cost-containment efforts to improve operational quality and efficiency.
- (3) Continuous improvement in the quality of services.
- (4) Maintaining financial responsibility.
- (5) Maintaining a safe, cost-effective student transportation system.
- (6) Maintaining a safe and healthful environment for all District students and employees.
- (7) Maintaining a cost efficient and nutritious student food service program.
