

# Accessing Student Resources on a Home PC

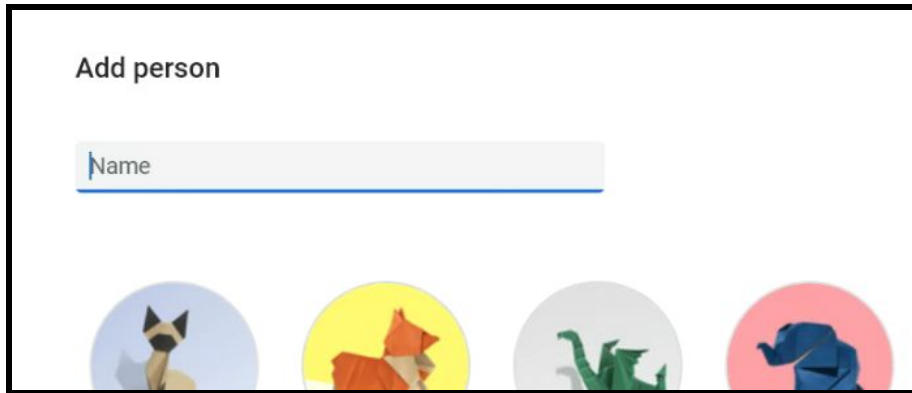

1. If you do not already have the Chrome browser, **download** it from <https://chrome.com> and install it.
2. Open **Chrome**.
3. **Click** on the icon of the **person** at the upper-right of the screen.
4. Click **+Add**

2.

5. Enter a name on the [Add person](#) screen.

6. Click [Already a Chrome user? Sign in.](#)

7. Enter the **student's email address** ([username@students.leeschools.net](mailto:username@students.leeschools.net)) and click the [Next](#) button.
8. Enter the student's password and click the [Next](#) button.
9. Once logged in, **LaunchPad** should **automatically** pop up. **Sign into LaunchPad** and you are ready to go.
10. When the **student is done working**, click on the person icon again and switch back to the parent's identity.
