

START STRONG

PERSONAL | PASSIONATE | PROGRESSIVE

Face to Face

Students return to school for face to face instruction five days a week with health and safety protocols in place.

Lee Home Connect

Students are paired with a teacher from their school for at home, full-time online learning. This model will follow a traditional daily schedule that is more structured than the digital learning model that was used at the end of last year. Students can choose to return to their regular school at the end of each grading period or at principal discretion.

Lee Virtual School

Students are enrolled in a full-time virtual school which is fully accredited and run by the School District of Lee County. Students attending can choose to return school at the end of each semester.

Homeschool

Students are enrolled in the District's fulltime Home Education Program where the parent or guardian teaches the child at home.
