

fake threat... **REAL CONSEQUENCES**

Threats to our schools are a growing problem that cannot be tolerated. We are partnering with local law enforcement agencies to crack down on people who make threats.

Any threat whether verbal, written, emailed or posted online, is illegal and has serious consequences.

- Suspension
- Expulsion
- Up to \$10,000 in fines
- Up to 15 years in prison
- Felony record

Even fake threats have real consequences.
Parents please talk to your children about this serious matter.
