

# THE SCHOOL DISTRICT OF LEE COUNTY

## PROCUREMENT SERVICES DEPARTMENT

*Richard Cowie, Procurement Agent*

### ADDENDUM TO CONTRACT DOCUMENTS

ADDENDUM NO.: 3

PROJECT NAME: ITN No. N177281RC – Computer Hardware, Software and Services

DATE OF ISSUE: September 1, 2017

---

The following information shall be included in the ITN documents and is hereby made part of the project bid documents in the form of clarification, addition, deletion or revision to the contract specifications.

---

#### Clarifications on deadline.

**\*\*THE DEADLINE FOR DELIVERY OF PROPOSALS HAS BEEN EXTENDED TO SEPTEMBER 15, 2017 at 2:00PM\*\***

**\*\*THE DEADLINE FOR REFERENCES TO BE RECEIVED HAS BEEN EXTENDED TO SEPTEMBER 14, 2017 at 4:00PM\*\***

#### Clarifications on:

##### Intel CPUs and Windows 7 / 10 Support

1. All Exhibit 3 (C1. Ultrabook, C2. 2-in 1 Convertible Laptop, and C3. 2 in 1 Detachable Tablet) devices may be shipped with latest (Gen 7 & Gen 8) CPUs for Windows 10 support. Windows 7 support is not required on these devices.
2. All other configurations must maintain Windows 7 support until June 30, 2018. We have confirmed availability of Intel platforms for Windows 7 support through that time.
3. No CPU substitutions (e.g. AMD or ARM CPUs) will be considered.

##### Accessories Update

The following configurations must include both a keyboard and active stylus.

1. C2. 2 in 1 Laptop (Convertible): This should be a 360-degree hinged device with integrated keyboard. Stylus must be included. For reference, our current solution for this category is the Dell XPS 13 model 9365.
2. C3. 2 in 1 Detachable: This is expected to be a device similar to a Microsoft Surface Pro or Dell Latitude 5285 (our current solutions). Keyboard may be flexible (like the Surface Pro) or may be rigid. Both removable keyboard and stylus must be included.

## **Changes to the Detailed Specifications.**

The District will require all manufacturers to provide the following sample devices for District evaluation. Manufacturers providing proposals with multiple reseller partners must only provide a single set of sample devices.

### **Student Chromebook Devices**

Each manufacturer must provide **three** of each student Chromebook model included in proposals for Chromebook Unit A at no cost to The District. Please be advised that the units will be subjected to usability and durability tests and may be broken due to testing. Vendor may opt to require devices to be returned. If the device is to be returned, please include a pre-paid return shipping label.

### **Thin & Light Units**

Each manufacturer must provide one of each model of ultrabook, convertible, and detachable proposed for configurations C1, C2, and C3 at no cost to The District. The units will be subjected to usability testing only – no durability testing. Vendor may opt to require the devices to be returned. If the device is to be returned, please include a pre-paid return shipping label.

### **All-In-One Units**

Any manufacturer proposing a small form-factor device to be attached to a monitor, as an alternative to a requested all-in-one configuration must provide either:

(a) Detailed photographs of a fully assembled and cabled unit with included cable management features.

-OR-

(b) One sample unit for each alternative to requested AIO configuration.

If providing a sample unit, vendor may require the unit to be returned. If device is to be returned, please include a pre-paid return shipping label.

There are no other changes at this time. Please acknowledge this addendum via Attachment D, Addenda Acknowledgement Form.

***Thank you for your interest in the School District of Lee County.***
