 - a) "District" shall mean The School District of Lee County, Florida.
 - b) "Proposer" shall mean any person, firm or corporation who submits a proposal pursuant to this ITN.
 - c) "Contractor" shall mean the successful proposer(s), whether a corporation, partnership, individual or any combination thereof, and its, their or his successors, personal representatives, executors, administrators, and assignees.
- 3. **Proposer's Responsibility:** It is the responsibility of the Proposer to obtain all pages of the ITN package and all attachments thereto, together with any addenda to the ITN package that may be issued prior to the ITN due date. Proposers are required, before submitting their proposal, to obtain and carefully examine the ITN specifications and to completely familiarize themselves with all of the terms and conditions. Ignorance on the part of a Proposer will in no way relieve them of any of the obligations and responsibilities which are a part of this proposal.
- 4. **Proposal Submittal:** All proposals shall be typewritten or filled in with pen and ink. Proposals having erasure or corrections must be initialed by the Proposer in ink. All proposals must be signed in ink by an officer or employee having authority to legally bind the Proposer. All proposal pricing shall be on the response form provided herein and signed by an authorized officer of the company. By signing, Proposer attests that they fully understand there will be no recourse for negligence or oversight for not doing so. Completed proposal must be submitted in a sealed envelope.
- 5. **Specification Precedence:** If a conflict exists between the general conditions and the detailed specifications, then the detailed specifications shall prevail.
- 6. **Public Entity Crime:** Pursuant to Florida Statute 287.133, a person or affiliate who has been placed on the convicted Contractor list following a conviction for a public entity crime may not submit a proposal on a contract to provide any goods or services to a public entity, may not submit a proposal on a

Proposers shall complete and submit with their Proposal the complete, accurate, and notarized statement required by Section 287.133, Florida Statutes, Public Entity Crimes Statement, provided herein. Failure to submit a properly completed and notarized form shall be cause for submittal to be judged non-responsive.

- 7. **Specification Variances:** For purpose of evaluation, the Proposer shall indicate any and all variances from specifications, terms and/or conditions regardless of how slight. If variations are not stated in the proposal, it shall be assumed that the proposed product or service fully complies with the specifications, terms and conditions herein.
- 8. **Requests for Clarifications:** Any and all questions regarding this ITN, whether technical, procedural or otherwise, must be submitted in writing to the attention of the Procurement Agent designated herein, seven (7) business days prior to the ITN due date, unless otherwise stated in the specifications. All such interpretations and supplemental instructions will be in the form of written addenda to the ITN documents. No correction or clarification of any ambiguity, inconsistency or error in the ITN terms, conditions or specifications will be made to any Proposer orally. Only the interpretation or correction so given by the Procurement Agent, in writing, shall be binding. Proposers are advised that no other source is authorized to give information concerning, explaining, or interpreting the ITN documents. If a Proposer should be of the opinion that the meaning of any part of the proposal specifications are uncertain, obscure, or contains errors or omissions, they should report such opinion to the Procurement Agent in writing no more than three (3) days after the receipt of the documents.
- 9. **Delivery of Proposal:** One proposal clearly marked "Original", copies as required herein and an electronic version on flash drive identical to the original in a useable Microsoft Word or Excel format, of response must be furnished and arrive no later than 2:00 PM., local time, on or before the due date specified on the cover sheet of this ITN, to be considered. Proposals shall be organized and shall include necessary information as to be in full compliance with the ITN specifications. The District reserves the right to reject and not consider any proposal that is not submitted in accordance with the ITN general conditions, specifications or ITN submittal requirements. The response shall be submitted in a sealed envelope addressed to The School District of Lee

County, Department of Procurement Services. 2855 Colonial Blvd., Fort Myers, FL 33966-1012.

- a) If a proposal is delivered in person, Proposer must follow the District's security access procedures as follows: park in visitor's parking area; enter building through front door; present proposal to Procurement Department representative for official date/time stamping.
 - b) Proposals received by telephone, telegraph, electronic mail, or facsimile machine shall not be accepted unless stated in the special conditions of this ITN.
10. **Proposal Opening:** Proposal openings shall be public at the date and time stated in the ITN at the Department of Procurement Services of The School District of Lee County, 2855 Colonial Blvd., Fort Myers, Florida 33966-1012, unless otherwise indicated.
 11. **Proposals Received Late:** It is the Proposers responsibility to assure that the proposal is received by the Department of Procurement Services prior to the opening date and time specified. Any proposal received after the opening date and time shall not be considered for award. The District will not be responsible for proposals received late because of delays by a third party delivery service; e.g., U.S. Mail, UPS, Federal Express, etc.
 12. **Processing Time:** It is understood that the normal proposal processing time shall be 90 days after the opening date of this ITN, and that prices reflected by the proposal will be firm through the proposal processing time and the delivery of items awarded.
 13. **Original and Renewal Term:** The award resulting from this ITN shall be in effect for the term defined in the detailed specifications commencing upon Board approval or until new proposals are taken and awarded. The award resulting from this ITN (or any portion thereof) has the option of being renewed as defined in the detailed specifications, or extended for a period up to 180 days, upon mutual agreement of both parties, under the same terms and conditions as the original award. The District, through its Department of Procurement Services, will, if considering a renewal or extension, request a letter of intent to renew or extend from one or more awardees, prior to the end of the current contract period. The awardees will be notified when the recommendation has been acted upon by The District. At the request of the District and upon written agreement by both parties, the original or a renewal term may be extended for up to 180 days. The Proposer agrees to these conditions by signing its proposal.
 14. **Lobbying:** From the time that a formal solicitation is released until such time as an award is made by the School Board, Contractors are prohibited from lobbying School Board Members, District employees, or any community member appointed to serve on the relevant selection committee, regarding the formal solicitation. All inquiries must be written and directed to the Department of Procurement Services.
 - (a) Lobbying is defined as any action taken by an individual, firm, association, joint venture, partnership, syndicate, corporation, and all other groups who seek to influence the governmental decision of School Board Members, District employees, or any community member appointed to serve on the relevant selection committee, on the award of a contract.
- Lobbying by any respondent or any individual on behalf of a Contractor will result in rejections/disqualification of said response.
- (b) Violation of the provision regarding lobbying may also result in debarment of the Contractor as provided in Policy 6.071.
15. **Prompt Payment Discount:** Cash discount for prompt payment of invoices, if offered, shall not be considered in evaluating proposals and making awards. Cash discount terms, if offered in the proposal, must be clearly indicated on each invoice.
 16. **Brands:** Proposers shall indicate, for each item proposed, the name and model of the brand being proposed. Use of brand names, trade names, make and model, manufacturer, or Contractor catalog number in the specifications is for the purpose of establishing a grade or quality of material only. It is not The District's intent to rule out other competition; therefore, the phrase "OR APPROVED EQUAL" is added, unless otherwise indicated in the specifications. However, if a product other than specified is proposed, it is the Proposer's responsibility to submit, with the proposal, samples, descriptive literature and/or detailed specifications which illustrate the product sufficiently for evaluation. Proposals received without this information, or with insufficient information, as determined by the evaluation committee, may not be considered. If the words "ONLY" or "NO SUBSTITUTES" appear in the specification, then no other brands, trade names, makes, models or manufacturers shall be considered. The District shall be the sole judge concerning the merits of proposals submitted. Once an item is awarded from this proposal to a Proposer, no substitution of brands shall be permitted. If a Proposer does not indicate what he is offering in the proper blank and if the Proposer is successful in being awarded the item(s) then the Proposer shall be obligated to furnish the item(s) specified by The District.
 17. **Warranty/Guarantee:** All materials and/or services furnished under this proposal shall be warranted by the Contractor, distributor and manufacturer to be free from defects and fit for the intended use. Unless otherwise requested, the items proposed must be new and equal to or exceed specifications. The manufacturer's standard guarantee or warranty shall apply. During the guarantee or warranty period, the Contractor must repair and/or replace the unit without cost to The District with the understanding that all replacements shall carry the same guarantee or warranty as the original equipment. The Contractor shall make any such repairs and/or replacements immediately upon receiving notice from The District.
 18. **Proposal Evaluation and Award:** Proposals shall be reviewed in accordance with the ITN specifications and conditions and the best interest of the District. The District reserves the right to accept or reject any or all proposals in part or in whole, waive minor variations, informalities, irregularities, omissions or technicalities, request new proposals, and/or consider alternate proposals which meet the general specifications set forth. Proposals which contain any alteration, addition, conditions, limitations, unauthorized alternates or show irregularities of any kind may be rejected by the District. The

District reserves the right to award proposals on such products and/or services it deems will best serve the District's best interest from the standpoint of price, quality, and suitability for the intended purpose and any other determining factors.

- a) Proposals will be evaluated, scored and ranked based on the written responses to the proposal grading criteria specified herein. Based on the rankings, one or more firms may be selected to commence negotiations. The District reserves the right to create, and select proposers from a "short list" in order to enter into final contract negotiations with one or more Proposers, with the intent of awarding a contract and producing terms and conditions to reflect the outcome of the negotiations. The District reserves the right to negotiate individually or collectively with the top ranked firms, and to evaluate, score and rank Proposers who enter into final contract negotiations, based on the grading criteria specified herein. Proposers invited to negotiate shall make available at each and every negotiation their representatives with the responsibility and authority to legally commit the Proposer to final terms and conditions. Proposers are cautioned to present their best offer with their proposal as the District may select a proposal for award without further negotiation.
- b) After final evaluation, ranking, and/or negotiation of one or more proposals, a tabulation of the responses with intent to award shall be posted for review by interested parties at the office of the Department of Procurement Services and shall remain posted for a period of no less than three (3) days. This information shall also be posted on School District of Lee County's website <http://www.leeschools.net/procurement>.
- c) A recommendation for award will be presented to the Superintendent, and subsequently to the School Board for consideration. The School Board exercises the authority to accept or reject proposals.

19. **Notification of Award/Purchase Orders:** Upon Board approval to award a contract, participating Proposers, successful and unsuccessful, shall be notified of the award configuration in writing by the Department of Procurement Services. Proposers who are awarded a contract resulting from this ITN are cautioned not to provide goods or services to any District site or to any District employee prior to receiving purchase orders issued by the District's Department of Procurement Services. Notification of Award is not to be construed as authorization to provide goods or services.

20. **Contract Documents:** The submission of a proposal constitutes an offer by the Proposer. Upon Board approval the Department of Procurement Services will issue a letter of award. This ITN, any addenda to this ITN, the submitted proposal, revisions to such documents agreed upon by both parties in writing during the negotiation process, and the corresponding purchase order(s) and change order(s) will constitute the complete agreement between the successful Proposer and the District. If a specific contract document is requested by the District, it shall be included with the above mentioned items as part of the contract agreement. Each proposal is received with the understanding that an

acceptance in writing by The District of the offer to furnish any or all of the services and materials described shall constitute a contract between the Proposer and The District. This contract shall bind the Proposer to furnish and deliver the services and materials quoted, at the prices stated and in accordance with the terms conditions of said accepted proposal. It is agreed that the Proposer will not assign, transfer, convey or otherwise dispose of the contract or its right, title or interest in or to the same, or any part thereof, without previous consent of The District and any sureties.

- d) The volatility so affects the Contractor that continued performance of the contract would result in substantial loss or financial hardship.

The determination as to whether a situation represents "extreme" volatility of the marketplace and/or whether the effect on pricing or availability is "substantial" shall be solely at the discretion of the District. Requests for adjustments must be made to the Director of Procurement Services within twenty four hours after receipt of an order from the District for the affected product and will not be considered more than once in a

120-day period. For contracts with an initial award period exceeding one (1) year, prices shall remain firm for the first year.

23. **Substitutions:** Should a particular product become unavailable after award due to discontinuance by manufacturer, extreme market demand or inability of manufacturer to produce the product for a certain period of time, or quality or compatibility as solely determined by the District, Contractor may propose a substitute product to the District. The Contractor shall provide specifications for the proposed substitute product, or if requested by the District, a sample of the proposed substitute. Contractor will also provide documentation as to the unavailability of the original awarded product to the District for its review. Such a substitute will only be considered if the District has a continued need for the product within a specified time frame where the original awarded product will be unavailable. Whether a substitute is necessary and whether the proposed substitute is acceptable are solely within the discretion of the District.
