ADDENDUM TO CONTRACT DOCUMENTS

ADDENDUM NO.: 2

SOLICITATION NAME: ITN No. N197366RC – Signs – Products, Installation and Repair

DATE OF ISSUE: September 26, 2019

The following information shall be included in the ITN documents and is hereby made part of the contract documents in the form of clarification, addition, deletion or revision to the contract specifications.

Proposers' questions/issues and District answers (District answers are italicized):

- Q2. Will Lee County Schools accept my FL Certified Building Contractor License (CBC) as long as we continue to have a FL Licensed Electrical Contractor (EC) named on our permits and performing all electrical work?
- A2. ***Yes.***
- Q3. Section 17-m-i specifies that the Proposer should submit a current copy of Florida State license. As an out of state manufacturer, would our home state business license be sufficient as we would not physically perform the installation of electricity or the sign?
- A3. ***The Proposer does not need to have a Florida State Business License. However, all manufactured signs need to meet Florida State wind loads and codes and have an engineer stamped drawing showing it meets Florida State requirements. See page 15, Section 5 and page 21, section 19.d and 19.e***
- Q4. Section 17-m-ii States that the Vendor would need a Florida State License for Sign Installation. If we contract each installation to a Florida sign company that meets our stringent qualifications and the bid requirements, would this be sufficient to meet the bid criteria? If so, can that contractor's requirements be satisfied on a per-installation basis?
- A4. ***Yes and yes.***

There are no other changes at this time. Please acknowledge this addendum via Attachment D, Addenda Acknowledgement Form, in your submittal.

Thank you for your interest in The School District of Lee County.
