

PROCUREMENT SERVICES

ADDENDUM TO CONTRACT DOCUMENTS

ADDENDUM NO.: 1

SOLICITATION NAME: ITN No. N207378RC – Water Based Fire System Repair

DATE OF ISSUE: October 14, 2020

The following information shall be included in the ITN documents and is hereby made part of the contract documents in the form of clarification, addition, deletion or revision to the contract specifications.

Added Attachment A – Proposal Response Form has been requested and posted to the School District of Lee County's website
https://www.leeschools.net/our_district/departments/business_services/procurement_services/active_solicitations

You may use Attachment A when submitting responses for ITN No. N207378RC – Water Based Fire System Repair.

Proposers' questions/issues and District answers (District answers are italicized):

Q1. We have one question. On page 20 #16-C States the following, "Contractor shall check for proper operation of overall system." This statement to us, indicates that while we are at a building making a repair, we are also supposed to make sure that the rest of the system is in overall working condition. In our opinion, that can only be confirmed by performing a new annual fire sprinkler inspection, which is not part of the scope of work for this procurement. Can you confirm or explain in more detail what is meant by that?

A1. ***We have revised the wording on page 20, section 16.c to be more specific as follows:***
Contractor shall check fire alarm system main panel to be clear of any Supervisory, Trouble or Alarm indicators resulting from the fire sprinkler repairs conducted by the Contractor. Fire Alarm System should be left in a "System Normal" condition. If for any reason this cannot be accomplished, the Maintenance Services Department shall be notified before the contractor leaves the premises.

There are no other changes at this time. Please acknowledge this addendum via Attachment D, Addenda Acknowledgement Form, in your submittal.

Thank you for your interest in The School District of Lee County.
