If a specific contract document is requested by the School Board, it shall be included with the above-mentioned items as part of the contract agreement. Each response is received with the understanding that an acceptance in writing by the School Board of the offer to furnish any or all of the services and materials described shall constitute a contract between the Respondent and the School Board. This contract shall bind the Respondent to furnish and deliver the services and materials quoted, at the prices stated and in accordance with the condition of said accepted response.
