

# PROCUREMENT SERVICES

## ADDENDUM TO CONTRACT DOCUMENTS

ADDENDUM NO.: 2

PROJECT NAME: ITN No. N247474LA – Electrical Maintenance and Repairs

DATE OF ISSUE: April 1, 2024

---

The following information shall be included in the ITN documents and is hereby made part of the contract documents in the form of clarification, addition, deletion or revision to the contract specifications.

NOTE: Questions from Vendors are posted exactly as they were received.

---

### Proposers' questions/issues and District answers (District answers are italicized):

- Q1. On the Electrical Maintenance & Repairs, question #2 asks, "Core Boring Per Foot With 2 Men" and "Cost Per Man Hour." We are not sure if this is a typo and we should just put per foot cost?
- A1. *Core Boring requires a minimal of a (2) persons team to manage this type of service. Most companies own their boring machinery so the cost for service would be the hourly rate of personnel providing the services. To eliminate confusion, please change the line to "Core Boring Per Project With 2 Men" and "Cost Per Man Hour".*

***Thank you for your interest in The School District of Lee County.***
