

# PROCUREMENT SERVICES

## ADDENDUM TO CONTRACT DOCUMENTS

ADDENDUM NO.: 2

PROJECT NAME: ITN No. N247486MG – **Flooring and Related Services**

DATE OF ISSUE: July 9, 2024

---

The following information shall be included in the ITN documents and is hereby made part of the contract documents in the form of clarification, addition, deletion or revision to the instruction to the respondent and specifications.

---

Q1. All District-approved flooring by the manufacturer is not specified within.02 Proposal Response Form. To complete the material pricing we will need the Districts flooring selections by manufacturer.

A1. *Carpet Squares (Mohawk, Shaw & Milliken) LVT (Mohawk, Shaw & Tarkett).*

*The District will require a price submitted for each manufacturer in lieu of manufacturer-specific product lines, product lines tend to discontinue or some points do not have the readily available stock on hand for projects that may require prioritization. Pricing should be submitted to cover a broad selection of carpet tiles with color accents and LVT styles to include Stone/Wood looks with accent colors if approved. These each will have a line on the Bid Tab as provided for submittal.*

Q2. Is it safe to assume the District approved flooring setting materials cost is to be added to the flooring material cost?

A2. *BID TAB LINE as provided – (Manufacturer) Air Backed (for installation price please provide price for using the pressure sensitive adhesive method). District Approved (As Provided, The District will request a material price and a labor price for installation)*

<b>MATERIAL PRICE</b>	<b>INSTALLATION / LABOR PRICE</b>
---------------------------	---------------------------------------

*Pricing submitted should include the manufacturer's recommended high moisture patch/glue as required for warranty purposes per each manufacturer of products.*

Q3. Are there setting materials the district prefers? If we are to add the setting material cost into the flooring cost, we would use the manufacturer setting materials recommendations.

A3. *The Lee County School District prefers pressure-sensitive glues for installations of floor coverings along with high moisture protective rating levels. Correct, each manufacturer-recommended installation material will need to be included with each product selection provided. If we were to utilize a Shaw floor covering product the District would not like to see a Mohawk glue provided for installation. The better we align the manufactured products, the better the coverage on a warranty-based replacement.*

## PROCUREMENT SERVICES

Q4. Can help me obtain the estimated construction budget?

A4. *The estimated annual expenditure for the FY25 is \$13,380,000.00.*

Q5. Can you please add the specifications for the flooring?

A5. *The Scope of Work begins on page 25 of the document 01. Specifications.*

Q5. The July 10th optional pre-submission meeting. Is this the same access link and the same time as the prior meeting?

A5. *An OPTIONAL Pre-Submission conference will be held at 10:00 AM EST on July102, 2024, via live virtual video conference.*
