	CDW Government is pleased to offer a Discount off CDW Government Nationally Advertised Pricing (NAP) structure for all categories. The percentages represent the minimum discount that CDW Government has agreed upon offering for the full duration of the contract. On a case-by-case basis and for large one-time purchases, CDW Government will work to negotiate additional savings with OEMs. The key benefit of using CDW Government's NAP is that it is a publicly available (24/7 via cdwg.com) and verifiable price schedule, which is continually updated based on market conditions and competitive research.
