Florida Diagnostic and Learning Resources System (FDLRS) is pleased to offer trainings for the 2018-19 school year. Courses are designed to support educators in developing high quality instruction for students with identified disabilities as well as other students experiencing academic and /or behavioral challenges. Master Inservice Points (MIPs) are awarded upon successful completion. Please visit our website for more information.   http://www.leeschools.net/professional-development-opportunities
